

Brasov, Romania June 2016

Conference in Cluj With Est Europe foundation

During June we were invited to the conference of workers for the Dutch and German sponsorship program to children in situations of vulnerability and risk in Romania. The foundation Est Europe is the Romanian counterpart of this program and has many workers of Churches in Romania and Moldova that month to month visit these children. Our participation in speaking to these workers has been to encourage the holistic work they do. Martita had a conference for women attendees and also men could meet separately talking about tensions with their partners, products of

the demands of ministry as maintaining family harmony among so many pressures.

Teams for Baby showers, for decoration and small group leaders Women at Hope Baptist Church

Martita has decided to form three teams in the ministry for women. After a year of working a base group we came to the conclusion that it is too much work and is time to open the group to which nearly 20 women have come to collaborate in these three fields, here is a picture of the last baby shower last May 27.

Summer activities We are very encouraged to enjoy the good weather of Brasov. The church will have every month a picnic this summer on a Sunday in which we worship outdoors at camp facilities "PURTATOR OF FACLIE." It gives us the opportunity to make a relational evangelism in this culture.

Las remodelaciones de la Iglesia.

We are immersed in renovations and remodeling of the building. The picture is of the inside painting and decoration work. We invested in a new sound system, renewed bathrooms for men and during the summer we will renovate the

temple steps that are in deplorable condition. Pray for all these expenses and the provision. Thank God that to this day the church has given generously. In The Photo Paty Marti and Isabel de Figueroa whose had come visit in June.

Counseling.

Once again we ask your prayers for wisdom for this primary ministry we develop here. We do many more things but this ministry is our passion and calling, every month we receive new cases and terminate counseling processes with brothers and sisters that God has placed on our way to pass on the God's consolation through His Scriptures.

FIGUEROA FAMILY AND Paty MARTI VISIT

In June, we were visited by our missionary friends in Spain, Willfredo and Isabel Figueroa and Patricia Marti who were in Europe during that time. We were very blessed with emotional refreshment that they brought in these few days with us.

Thank You for praying. It is a privilege to serve the Lord with you.
