

Reaching the world with the Gospel of Christ through the local church.

Hello Friends and Brothers:

2017 Here and with the year comes the opportunities that God has for us in this country and in others in the region where we have fellow ministers whom the Lord has placed in our lives to encourage each other..

Let me start with a beautiful photograph taken in one of the wings of our church in Brasov, the event is the first meeting of the year of the Protocol of Pastors of Brasov and its surroundings, this time we are working on providing for them a workshop of Planning for joint actions this year.

Pray that this role of being part of what God is doing in Brasov through these pastors will continue and that God's agenda for this city will be inspiring for them as for us in serving them.

THE HUNGARIANS have started a project together with a Hungarian Baptist church to train young couples. Pray for them while we encourage them.

Reaching the world with the Gospel of Christ through the local church.

This 2017 will have challenges for the Esperanza Baptist Church in Brasov, in the women's ministry pray for two names, Violeta and Andrea they will be taking the lead of the group in decoration and evangelistic baby showers respectively. Martita will be at this stage nearby but letting them do it for

themselves, we thank God for the willingness to work for the Lord. To the left Andrea, has a beautiful daughter Mara, and is married to Bogdan. Pray for them so that their service to the Lord at this time will bless many women in the church.

During February Francisco will be in Birmingham, Alabama, to attend the Shades Mountain Independent Church (SMIC) Missions conference and also visit two more churches.

Brasov February, 2017
