Pray for the possibility to go to El Salvador en visit churches in Latin America in the coming fall.

Hi; winter is almost over but God gave us blessings to be thankful for; these pictures reflect the process we just begun at Hope Baptist Brasov last month with the visit of Josh Clark, a first class facilitator from the US. He came to visit his friend Bruce who lives here and is part of our church. We're planning the future for the church. Here in the picture next to me, Claudiu Preda, the pastor; the picture below is the small group I'm working with to set the course of action for the one of five core issues the pastors come together to identify . Pray as we're all working the coming weeks to serve better the church.

We visit Oradea, a city 300 miles north west of Brasov with the Hungarian couples we're training, we visit Oradea Hope Baptist Church there and have a retreat with leaders couples and leadership talking about the possibility to collaborate in training people here too in the counseling areas as well as couple's ministry. Pray as we determine the right time of fashion for such collaboration with this church.
