

MINISTRY UPDATE FROM THE HUYHUA FAMILY

Dear Brothers in Christ,
We greet you and hope that you are well and in good health. Please forgive us for not taking the time to write you before now. We thank our good God for all his love and mercy shown in our lives. This time that we have passed through has been filled with much work but also much rejoicing as we have seen people pass from death to life, making decisions for Christ.

In January and February, we had Children's, Adolescents', and Young Adults' camps. We also participated in evangelistic campaigns.

One of the campaigns was with a dental group from a church in Maryland. We offered free dental

attention around our community as we shared the gospel. It was a week of blessing even with the difficulty that the team from Maryland had returning home because of major snow storms, forcing them to stay several extra days here in Peru before their flights could be rescheduled. But even in this, we saw that the Lord was in control of everything, working it together for good. We had some fun days serving them and getting to know them better.

The other campaign that we participated in was with Dr. Elaine and Dr. Eunice. They came to serve with our church, offering their services free of charge in general medicine and pediatrics with the objective of presenting Christ to the people. These were weeks of many blessings both for us and for them as they were here among us.

As you can see, these were months of much activity, and though tiring; we had the satisfaction of working for God and for his glory. This leaves us with nothing more to say than, "Thank you, God!!"

We thank you, brothers, because you have been a blessing to us with your prayers and offerings. By the grace of God, our son, David, has his whole school year paid for, which is a great reason to thank you all!

We would ask you to place our son, David, in your prayers, for his breathing problems which cause him to be hospitalized every-so-often. This has us a little concerned, but we know that the Lord is in control of everything and we leave it in His hands.

We would also ask that you continue to pray for us, that the Lord would give us wisdom in all that we do:

- **as parents, as we raise David**
- **as servants, in counseling, evangelism, discipleship, and the teaching of His Word**
- **as a couple, to continue growing to know our Lord together and to continue getting to know and love one another more.**

May our good God and Father be with you all!

We love you in the Lord,
Bryan, Evelyng, & David Huyhua

"Whoever tends the fig tree shall eat its fruit.

He who looks after his master shall be honored." *Proverbs 27:18*
