

News from the Barrientos - Lima Peru

Lima, August 3, 2017

Beloved,

It is a joy to share with you always what God is doing in His ministry in Peru. Studying God's Word is always a delight and very encouraging. My love for God's Word is growing each time I open the Holy Scriptures to read, to study, to memorize, to meditate, and to apply. God has been so good with us. We have a wonderful opportunity to show God's love for people. As many of you already know, Peru, and especially the Northern part had suffer a lot from all the flooding. People have lost so many things and roads were destroyed, and it is very difficult to get to many places. But through our coordinators from our Bible Institute we were able to get to churches and families related to the members of those churches and helped with food, clothing, blankets, jackets, hats, New Testaments and Gospel tracts. God provided the resources for us as a mission to help. We want to thank each of you that prayed and gave to make this possible. Here are some pictures to explain those much needed moments.

As a church we continue to dig deep in God's Word. This semester we start studying the book of 1st Corinthians and the book of the prophet Jonah. The theme is to align our minds to Christ's mind. Pray that so many spiritual lessons will be learned and applied for the glory of God and our good. That our church will stand firm for Biblical teaching and will be quick to identified false teaching and stand against it. Pray that we as leaders by the grace and power that comes from God will be able to lead the congregation to maturity in Christ Jesus. The men of the church meet every two weeks to study God's Word with eagerness and to prepare themselves for the ministry of the church. The goal is to train more leaders from this group.

In the month of July we held our musical camp with Brother Ken Kirby from Birmingham, Alabama. During the mornings he taught the participants flute, recorders, and also piano, violin and guitar. And during the afternoons he taught advanced English to 9th and 10th graders from La Roca Christian School. It was a great and very profitable time.

We want to exalt and to thank the Lord for people that come to know our Lord Jesus as their Savior during church services, during distribution of the food in Piura, with groups that come from the States, during children’s ministry, Sunday School, Youth ministry, and we know that Satan is not happy with this and he will do all he can to stop the advance of the gospel. That’s why

we need you to pray with us that we will continue to fix our eyes on Jesus. Thank you so much for being a prayer warrior.

The Mobil Bible Institute is producing its fruits. Some of the pastors we helped with relief items were some of the graduates of the first classes and now they are serving the Lord as pastors starting new churches in different areas. Praise the Lord. This is why we want to thank you for your investment in these students’ lives. Only eternity will tell us how far our investment in lives went. Thank you and please, continue to pray for this ministry. Pray for more places to open new sites for the Bible Institute. The class in the jungle continues to grow, and new students from other areas from the jungle are attending. The Word of God is being spread and glorified.

Beloved, you are a significant part in this ministry and we want to encourage you to continue to pray, to give and to visit us. Let these words be of encouragement for you: “Finally, brethren, pray for us, that the Word of the Lord may run swiftly and be glorified, just as it is with you.” May the Lord of heaven continue to bless you abundantly.

Till all will hear of the Savior,

Juan, Eva & Priscila Barrientos
