

WORLD REACH®

Andres and Monica Acosta Córdoba, Argentina: November 2017

Dear Brothers and Sisters in the LORD,

My family and I send you greetings and gratitude for being involved in our lives and ministry. We constantly remember you in our prayers.

We come to you by way of this letter to share with you what GOD is allowing us to do. We are ending the year and closing activities that GOD has allowed us to see, souls receiving CHRIST as their Savior, believers returning to the LORD.

We are finishing the second year of the Mobile Bible Institute with “The Gospel According to Saint John.” In the month of September we had the teaching “Edifying One Another” at the Bible Academy in Villa María. In one week we will end with the subject of evangelism, taking the opportunity to go out with the students doing door-to-door evangelism.

Spiritual Retreat for Men.

The fruits of the Vacation Bible School continue on with activities that have allowed them to advance their growth.

We have had activities with women and married couples in different churches, with the hope of having planted seeds. Nevertheless, the lack of leadership among the men is tremendously noted. We are working to broaden the teaching of the MBI in a place outside of a church. We ask for your prayers.

I also want to share with you that the second week of November I had an operation on varicose veins in both legs. Thank GOD, everything went well, and I am now in the process of recuperation.

WORLD REACH®

Córdoba, Argentina: November 2017

We leave with you our true wishes of blessings for each of you, and are very thankful to you as we could feel your support and help during the time of my surgery.

Your servants in CHRIST,
Andrés and Mónica Acosta
