## MINISTRY UPDATE FROM THE HUYHUA FAMILY

### **Dear Brothers,**

It is a pleasure for us to share with you in this letter what God is doing in our lives, as a family and also in the ministry. These last three months have been a joy and filled with satisfying activities.

**Evangelism:** We had two groups from churches in the United States. We went to schools to evangelize, while also holding open air

evangelism campaigns, and holding activities in our church during the week. It was during this time that God opened the doors to go to a new school and through the program we had prepared we were able to carry it out for almost an entire week.

We thank our good God for always giving us the opportunity to share Christ, not only through material help but most importantly, through the Gospel.

**Cell Group:**

We continue to gather every Friday with families in two different homes that

we rotate between each week. It is encouraging to see how the families participate in these meetings. One of these families has now opened their own house to start a new cell group. They are the Rodriguez Family. After participating in our cell group for almost two years, now they are gathering with a new group of people in

their house to share the word of God. They are a blessing and we give God the glory as their participation in the church and in different ministries has increased not only in the cell group but also with the youth

and in the school.

**Youth:** We had our 2<sup>nd</sup> joint meeting for the year, this includes the adolescents, youth (college-age) and young adults along with their parents. Many of them are Christians, but not all of them. The purpose of this time is to

fellowship together as well as focus on the theme for the meeting, which was INTEGRITY. Then we end the meeting with the Gospel. Once again, we had good attendance and also good participation in the workshops where we split them up by ages to talk about integrity, which was quite a profitable time. We thank God once again for this activity and for giving us not only the trust of the youth but also that of the parents, allowing us to work together with them.

**Us:** We continue learning along the way how to be better spouses and parents, as David and Nathan are growing, this is quite a challenge, I can say in all sincerity. We would ask you to pray for us that we would be faithful in this important and indispensable task of raising the family.

Brothers, with all honesty we recognize that without our Lord Jesus we cannot do this task (John 15:5). We desire to see our children always walking with the Lord. It is not only our desire for the youth

at church, but also for our sons, to see them become the next generation that loves, fears, and serves God with all their heart and strength, pleasing Him in everything.

We continue to pray for our personal needs, specifically that God would provide a family vehicle. Currently, we see this as a priority and we share this prayer request with you because of the open and trusting relationship that we share with you.

We thank you so much and we pray for you all. Just as we always say, we are indebted to you for all your support in prayer and through your offerings. God has made you part of our lives and our response is to continue to be faithful to.

**I will sing the Lord's  
praise, for he has been  
good to me.**
