Let the little children come to me

Our Lord continues to give opportunity for us to preach the Gospel. We have about 80 youth in our group at the public school. Each week they hear about Jesus. The director of the school gave us permission to take them to a soccer field and to enjoy an afternoon of games. We played, gave them some food and we used this opportunity to share of the love of Jesus. It is incredible the lack of love these youth have received. Most of them are from broken homes. These youth are 13 and 14 years old. Their education level is that of a 4th grader. It was a special afternoon we shared. It is impressive how a little love can change everything. We listened to them as they shared their needs and their problems at home and in school. This has caused in us a heart, a desire, a need to continue with activities like these. Our prayer is that their lives will be surrendered to Christ. Thank you for praying for this opportunity.

Helping my brothers and sisters from El Paste

Thank you, to all of you who are helping my brothers and sisters of El Paste. (This is the community that borders with Guatemala.) I have been able to identify a few families that have severe needs of food. Many of these families can only work six months out of the year. The reason for this is that it is an area where the jobs are 100% coffee plantations. The jobs are temporary, usually at the end of the year, during harvest. The other half of the year is a challenge just for them to survive. But God has allowed us to fill some of the most basic needs. The people from Family of Faith have taken clothes, various household items and bed linens. It has been a blessing to see the hand of the Lord and to be given a chance

to help our neighbors in their time of need. Praise the Lord!!

Medical Clinics for those with the most need

With great joy we are preparing for the annual visit of the team from Stones Crossing Church. They will be in El Salvador the second week of July. Many from our church are asking off work, using vacation days, so they can help others during the week. Please pray with us, that God will take control of that week, of our schedules, of the plans. We need to find the places where the need is the greatest. We ask for safety as we travel, both in scouting out the places, and once the team arrives. This is our strongest activity of the year. It is one where the entire church is involved. When I say the entire church will be there, that is exactly what I mean. All the churches from each area work together as we have medical clinics and classes for the children. It will be an incredible week. We need God to guide our every step. Please pray that Christ will be reflected in us and that we can fulfill His purposes.

Trip to Peru

I want to thank those of you who made it possible for me to attend the conference in Peru. I have received valuable tools for my ministry. It was a time much taken advantage of and where I learned so much. And....WOW!! I had never been seated for so long!! The fellowship with other brothers and sisters was fantastic and of course the Peruvian food was delicious. I am so thankful to God for this trip and for your prayers for me during this trip.

Thank you for your prayers for my life and my ministry.

Prayer Requests

** Pray that God would guide and give the strength we need to prepare for the medical team we will receive the second week of July.*

** Pray for health and safety for the medical team while they are here in country.*

** Pray for my next trip to USA in August to visiting friends and partner in the ministry.*

** Pray the Lord will continue to open doors in the public schools as we preach the Gospel to the youth.*

** Pray for my health. My stomach is not working as it should.*

God Bless you.

In Him
