World Reach

TIM AND CAROL PREWITT

EVANGELISM

On a recent trip to India, I was privileged to preach in several "Open Air Meetings." The Lord moved mightily in the hearts of men as He was reconciling them to Himself! Truly, it was a "Work of God" for which we all rejoice because it was by His Grace and Mercy several dozens came to Faith in Christ!

"Marble and granite are perishable monuments, and their inscriptions may be seldom read. *Carve your names on human hearts*; they alone are immortal." *Theodore Cuyler*

Those that came to faith at the meetings were identified immediately and the local church began to disciple them while giving them assurances of their salvation!

"Instilling/depositing" God's Word in the hearts of His people and then "Inspiring/teaching" them to apply the truths of His Word to their lives!!

"Oh Lord, I have tasted of thy goodness (The Word of God) and while it has satisfied me for the moment, it has made me thirsty for more!" A.W.Tozer

Read the Word, Understand the Word,
Apply the Word and
Meditate/absorb/study the Word of
God!

World Reach, a mission ministry, committed to reaching the world with the Gospel of Christ through the Local Church using Evangelism, Discipleship Training, Church Planting, Leadership Development and Humanitarian Aid!

TWO "AMAZING WORKS OF GOD – EVANGELISM AND DISCIPLESHIP!"

A few of these pictures (some shown before) are from an earlier trip I made to India! This December, WR will complete a two and half-year curriculum of training 22 key Indian pastors, leaders and evangelists! Since starting, our challenge to these 22 was for them to train at least one other (Timothy's) and the challenge was accepted and implemented!!

I return in August and will teach, Missions/Evangelism and Discipleship, the 9th of ten classes!

DISCIPLESHIP

These disciplining pictures represent India, Peru and Kenya! Similar evangelistic and discipleship ministries are occurring on all the fields WR serves! One of the greatest needs within the local church is a biblically literate generation of believers that can articulate the truths of God's Word!

You can tell these are serious students of the Word! This is an encouragement to the teachers at our BI sites! Their insatiable appetite for the "things of God" communicates their eagerness to learn. These are the men and women that God will use in changing the "Spiritual Landscapes" of their communities and ultimately their countries! TGBTG!!

Investing in "Tomorrow's Leaders" today is our BI and Discipleship focus for investing in and training this and future generations.

Like so many countries around the world, India is among the highest in terms of persecution of believers, churches and pastors. It's becoming more difficult to get into the remote regions to train believers due to the persecutions and therefore we are investing in the key Indian leaders who in turn will travel to the more remote areas.

Young and old alike, our goal remains the same... "Getting people into God's Word," whether it's training pastors, aspiring pastors, church leaders though our BI's or congregations needing to grow spiritually!!

We are so grateful for the partnership we share in the Gospel and for the huge blessings you provide us personally and this mission ministry! God Bless you richly as we labor together for the cause of Christ!
