

WORLD REACH®

Upcoming

September 19-23

Embers to a Flame Church Revitalization Conference in Huehuetenango, Guatemala, I will also be coaching some individual churches toward health.

Oct 12-17

Revival Prayer Conference with Dr. Al Baker and Coaching churches in Barranquilla, Colombia

November 4-7

Lolly and I will lead a couples retreat outside Bogota, Colombia

November 8-10

I will be leading a church through the revitalization process in Bogota, Colombia

November 11-20

Bible Institute Class - Homiletics in Bogota, Colombia

20 Couples attended the marriage conference in Medellin at First Presbyterian Church

How should a church respond to immorality in the leadership?

How do you have hope when your son is a "prodigal"?

Can I really love her (him)?

How do I forgive?

Can God save my son from drugs?

We have discussed divorce, pray I will be who God wants me to be.

My husband left me 30 years ago, now he is threatening me if I do not repay his debts.

My father is unfaithful, my parents fight and I am caught in the middle.

There is a story and name to go with each of the above statements and questions. It is easy to see how the church gets distracted from her mission when the families are in crisis. Most of those we ministered to had serious family issues to take to the Lord.

A marriage conference is not a quick fix but help in learning to walk in grace and love that comes through Christ.

December 1-7

Leadership Team meeting for Peru and Argentina Bible Institutes in Cordoba, Argentina.

Please pray for Simon Florez. He is my primary Timothy and translator in Colombia. God has gifted him with the ability to translate a lot of materials into Spanish. He leaves in September for a year long missions trip to Germany. Pray he will grow in the Lord and return strong to continue our work together.

The Students are proudly displaying their conference manuals!

100 Pastors in Nicaragua attended the Embers to a Flame Conference on how to have a healthy church. I thank God for the opportunity to share with these men from the FIEMCA denomination. Their churches are scattered across Nicaragua. They came with a desire to learn more and be used by the Lord in their ministries. Only a few were living in denial of the need for change! The Word of God challenged hearts. Their culture and tradition challenges the implementation of Biblical change.

Please pray God will give them a vision for what HE wants their church to be and do. Pray they will not listen to nay sayers but press on with God's plans.

Pray they will not be opposed by controlling factions or families in their churches.

Pray God will raise up a model church that demonstrates a Spirit empowered Church in which the members are doing effective ministry.

This meeting led to a request for another World Reach Bible Institute. The first preliminary class will be in November!

Thank you for your partnership and prayers.

We need your prayers and support now as we face incredible opportunities.

We thank God for your faithfulness.
