

Newsletter 03 Sharine, October 2019

Dear friend/ supporter,

This is my third official two-monthly newsletter. Thanks to you, your valuable support! When you bless me, you also contribute at the well-being of others here in Peru! In this letter I am going to elaborate on some testimonies so that you can get a picture of what God is doing (Psalms 40:10).

Counselling in Centro Pre-natal

In the month of May a Venezuelan lady came to Centro Pre-natal with her two little sons. Her partner had just abandoned her. She was desperate, without a “stable” job, without a future. I asked her if she had already accepted Christ. She told me she did. But after asking her some questions I realized she had just been going to a church. I explained the gospel to her, but she said again that she was a Christian. It was as if she had a barrier in her mind. I invited her to go to church and she started coming. After some time in counseling I shared the gospel with her again. This time she did open her heart for Jesus. Now, after some months she has become stronger and sees life differently. She even told me that she wants to grow and know more of the word of God. Glory to God!! (Psalms 34:18). This is an example of how the light of the truth illuminates and takes away all barriers that hinder these ladies to advance in their lives :) (Hebrews 4:12-13).

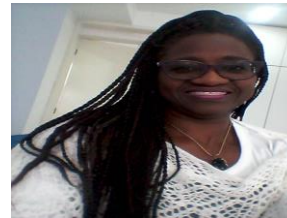

School

At La Roca Christian School God continues touching hearts. It is always a privilege to guide student to Christ or to help them with difficult situations that they are facing in their lives.

In September the students of Junior High had an Expo on entrepreneurship, to demonstrate their talents and abilities in an assessment. It was amazing to see their creativity and their abilities to “sell” their products. One of the groups worked on some natural /green products to preserve the environment. Their slogan was: “We didn’t come to fear the future, but to change it.”

Training ACSI

On October 18th I participated with some colleagues in a training of ACSI. The theme of this training was: “Christian Educational Proposal focusing on gender- and sexual education.”

Adress: Avenida Las Palmas Lote 3.
Pachacamac. José Galvez.
Lima, Perú.

Expo on entrepreneurship

Presentation: “Go Green”

Trainingsprogram ACSI

In October Primary and Secondary department of LRCS had the event called "Olympics". I couldn't participate much myself because I was recovering from a flu. I thank God that I could assist on the last day by preparing hamburgers for the students.

Cell group Los Angeles

We continue having our meetings every Friday with children and adolescents. In September we honored the adolescents who are the most faithful, who put the most effort and participate actively in the cell group. We went to a pizza restaurant with Nadjeli, Alexis and David. They had lots of fun and we had a great time sharing with them. Thank you Lord for giving fruit in this ministry! (1Corinthians 3:7).

Discipleship

I am discipling some ladies who are young believers and others who have rededicated their lives to Christ. One of them has gone astray for some years and has just come back to the Lord. She is very excited, although she has been confronted with a lot of trials this year. Please pray for a permanent job for Jessica.

Residence

In September I got my "carnet de extranjería". This is the card that I needed in order to stay in Peru. That means that now I have legal residence for a couple of years. Glory to God! (1John 5:14-15).

Thank God for:

- ✚ Souls that have accepted Christ;
- ✚ My prayer partner (Franceline), for our faithfulness;
- ✚ Answered prayers and favors of God;
- ✚ For a new dehumidifier that God has provided in a marvelous way.

Pray for:

- ✚ Vacation planning (year 2020);
- ✚ Jessica, Vicma and their children;
- ✚ Wisdom to deal with a special and delicate case;
- ✚ Wisdom and perseverance of "disciples".

***I am thankful to God for His love, guidance and His manifold grace that He bestows abundantly!
1 Peter 4:10***
