

"THE HUYNHA FAMILY"

Beloved brethren, once again we write you this letter with the intention of letting you know what the goodness of our God is doing with us and our ministries.

This year of 2019 has been a year where God both challenged us and helped us through His challenges. He held us up and made you a part of our lives. This encourages us to continue serving him, and to share with you our thankful hearts.

The cell group: grew notably this year, with many new families desirous to learn and grow and be established in our church. The participation of many of these families has been and continues to be without a doubt a great blessing. Pray for the cell group that each Friday we would continue to meet to share fellowship and establish ourselves in the Word of God.

Teaching Ministry: This year we traveled a lot, participating in meetings and conferences and even camps where they invited us to share the glorious Word of God. We give thanks to our God for His provision, for each ticket and hotel, and for the listening and learning attitudes of those who heard the Word of God. We give thanks for the opportunity not only to teach, but also to learn and grow as a family. For my sons it was a precious experience to be with my wife and myself, learning from brothers in other countries and getting to know other churches.

Camps: In January we will begin the planning process for what will be, Lord willing, weeks of summer camps for children, teens, and young adults. God allows us to have these camps to win more people to Christ and to strengthen the faith of those who help and nourish those who give their time in service. Please pray for scholarships for those children who want to come but cannot for economic reasons, and also for the strength and enthusiasm we will need to serve the whole summer.

With the young adults: In regards to training and discipleship, it has been very gratifying to see the young adults taking on new tasks and responsibilities. We can see today a new generation of Christ followers rising who will be the future leaders of the church. Pray that they would be fearful of God and simple of heart, that they would find complete satisfaction in the Almighty, and that they would continually defend the Gospel with their lives and examples.

About us: We are going, Lord willing, to Bogotá Colombia in April of next year to teach in a camp. Pray for provision please because I would like to bring my wife and sons with me on this trip.

We have also had many opportunities together with the elders of my church to share in the teaching and preaching of God's Word in the church. It has been a good year in the

Word. It is our prayer is that this vision would never be lost in the ministry of World Reach Peru: that future generations of leaders would never change the foundation which is the Word of God and the fear of God.

As a family we give thanks to God for the encouragement He gives in our lives, for the wisdom that can only come from His Word, and for placing us in grace and faithfulness in His work.

By His grace our son David has had his entire school year paid this year. God is so faithful...thank you to many of you for this.

As a family we continue to pray for a vehicle, since we truly consider this a necessity and a priority. But at the same time we are growing in prayer and patience towards our God as we trust not only His timing but also His ways of providing for us.

As we have told you before, brethren, we continue praying without ceasing for you, since you are part of our lives, and we are debtors to God and to you for your support.

We love you and wish you a lovely and satisfying Christmas, remembering our Savior's first coming and continued presence in this word and thanking God for the day He revealed Himself to us in His Son.

With sincere love: Bryan, Evelyng , David and Nathan Huyhua.
