

WORLD REACH ORPHANAGE IN KENYA

February 2020 Update

Dear Friends of our Kenya Orphanage,

In our previous reports, David Magiri, World Reach Kenya Field Director, has described for you the Kenyan primary and secondary school systems and how the children are disciplined. In this report, David describes for you how the children receive medical care and also gives an update on the children.

Let me explain to you how we take care of the children when they are sick. One of the house mothers will report to me when a child is sick, day or night. I drive to the orphanage and take the child to the doctor where he or she is examined and tests are run if necessary. Malaria and bacterial infections are common. If necessary, we get medications, which are given to the house mother to ensure that the child takes it properly. If the child gets sick while in school, the teacher will call me, and I'll get the child and take them to the doctor.

We currently are caring for 20 children. Nine children are in primary school and 11 are in secondary (Form) school. Those in secondary school live at the school. Secondary schools take a break three times a year; April, August, and December. During these breaks, the secondary children are back at our orphanage facility or sometimes visit extended relatives.

We are looking forward to adding more children and, in fact, hope to add one more child in the near future. Please pray with us for the resources to add even more. The orphanage can care for between 36 and 40 children.

Thank you and may God richly bless you.

Rev. David Magiri
Field Director, World Reach Kenya

You are making an impact on the lives of children in Kenya. Here are excerpts from a testimony from Victor, one of our younger orphans.

Praise God I want to appreciate you for such a kind heart you have to me. I came from a very poor family. My mother left me when I was about two months old. After my father died, my life change and I started loitering around streets looking for something to eat. One day I met the orphanage Director, David Magiri, on the streets of Meru and explained to him my problems since my father died.

Now that I am at the orphanage, I am able to go to school. I have been reading Bible verses every day and have Christ as my personal Saviour. May God bless you.

YOURS FAITHFULLY

Victor

Thanks for helping impact the lives of children like Victor. I hope you are encouraged; I know that Victor is. ***“For we are his workmanship, created in Christ Jesus for good works, which God prepared beforehand, that we should walk in them.”*** Ephesians 2:10
