

# ANDRES & MONICA ACOSTA

## *Ministering in Argentina*

Dear Pastors, Churches, and Friends,

We are always so grateful for your time in prayer and your support for us. I believe that you, as well as us, have found ourselves in a pandemic that has changed our routine and also upcoming plans. Here in Argentina, the stay-at-home quarantine is mandatory, and it has been classified as a crime to disobey the decree that the President of Argentina has signed. The fines are very costly. So, currently our ministry is utilizing other ways of serving and communicating.

The reason for this letter is to inform you that we had planned to visit the U.S. in September 2020, but my wife and I have decided to postpone the trip likely until 2021. So, since we will not be traveling this year, we would like to share with you a need for a vehicle that we had planned to share in person.

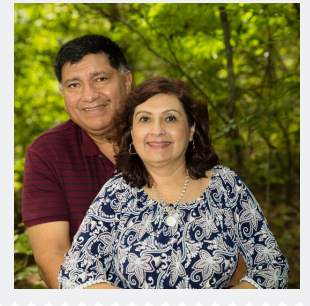

We need to purchase a newer and larger used vehicle that will cost around \$15,000. Our current vehicle is small and old with high mileage. We have had mechanical problems that caused us to be stranded in an area that would be quite dangerous after dark. Our ministry is constantly growing. I need to travel to towns that are from 79 to 180 kilometers away, and the roads are very stony. We transport much food, medicines and clothing for ministering to the people of Argentina that requires a larger and more reliable vehicle.

If you would like to contribute to this need, please send a check payable to World Reach and write in the memo of the check (or add a note) “for Acosta car”. You can also donate online at

<https://world-reach.org/en/donate/>, entering similar preferences. We thank you in advance for your effort and your love for our life and ministry.

Also, please pray for our daughter Yamile Andrea. She is a nurse, and for 36 days we have not had contact with her as she is isolated from us because of a Covid-19 protocol where she works. When she wants to see us, she passes by outside and calls to us from a distance, “Hi, Dad and Mom!” It cuts us to the heart, but she has completely dedicated herself to others. I am very grateful for you covering our daughter in prayer.

Please also pray for Monica's sister Aldana. She is being tested for COVID-19, and the results have not come back yet. Pray that the tests will return and that a doctor will be able to see her. We are so thankful for your prayers.

We love you and hope that you take care and know that our prayers are with each one of you.

Blessings!

Your servant  
in CHRIST,

## Andrés Acosta
