

Peter, Fany & kids Simpson

Making Disciples in Honduras

December 2019

¡Gracias!

Fany, the kids and I thank you for the many ways you have partnered with us this year. Our work here is not something we can do on our own. We need a team to stand with us whose investment of time in prayer and of financial support are just as crucial as the time I spend in preparing and teaching. Thank you for experiencing with us the life of the body of Christ in this way.

May God bless you during this Christmas season and may your celebrations be full of the peace and love that is made available to us through Christ.

Training pastors and church leaders 18 begin the process. 40 graduate.

In September, October and November I taught 3 different groups of pastors. One group will be beginning our introductory level in February and the other two groups graduated from our 2-year Bible Institute program. I taught the latter 2 groups an Introduction to Biblical Counseling. We spent time practicing listening and questioning skills. And I encouraged them through careful study of the Word and long discussions to help their churches develop a culture of grace where people feel safe to share their problems and can find help and support.

Our Mobile Bible Institute programs continue to be a tremendous benefit to Honduran pastors. Our programs are tailored to meet their educational needs and their personal situations. The great majority of our students have not previously received formal Bible training. Many do not even have a high school degree.

Your prayers for us and your financial investment in us are an essential part of training these pastors. You and I are able to minister together here in Honduras and our investment is being multiplied through dozens of churches throughout the country.

Thank you for being our partner in this endeavor.

Peter & Jany
