

## News from the Huyhua family ...

Dear brothers, it is a pleasure to communicate with you again and share with you what is happening not only in our family but also in our ministerial lives.

As you know what is happening worldwide with the viral issue, we live as a country in a time of mandatory social

isolation and this week we celebrate one month since it started.

We are at home and from there we are transmitting teachings of the Word of God to the church with our pastor.

We are trying to maintain good communion with brothers and young people of the Church even when it is through social networks.

We thank God for the media that allows us to use them to build the Church of the Lord.

Reaching the world with the Gospel of Christ through the local church.

At home, we are taking the greatest possible care to avoid infections since our oldest son David is prone to making his airways sick.

However, we thank God who guards us and has his provision for each of us at this critical time.

This week we will start one more day of studies in our Church specifically with men on Tuesdays.

I also had the opportunity to

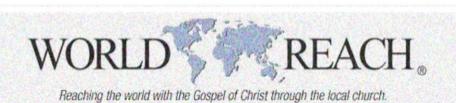

teach brothers in A YXY``]bž 7c`ca V]Užover the weekend. We spent a good time of communion and teaching of the Word of God also through the internet.

So I thank our God who allows us to continue serving him in some way despite so many limitations.

We are very grateful for you since we know that you pray for us, we feel your love and support these hard days and those that will most

likely come. We want to be faithful and it is also our prayer as a family for each of you that God grants you to be faithful too .

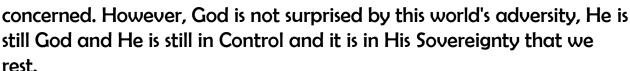

We love you brothers and as we have repeated it previous times we are indebted to God and to you for such tremendous help of Love that you give us.

Our children are homeschooling so they are busy in the morning.

Our other relatives and brothers of the Church are in good health, and we have seen the generosity of several brothers sharing their needs with each other.

OUR GOD IS GOOD.

Well beloved brothers, this is what we share with you for the moment from Peru. Pray for our nation since it is probable that the health system will collapse in these coming weeks, and we are

God continue blessing and pouring out his ineffable Grace.

Proverbs 18:10
The name of the LORD is a fortified tower;
the righteous run to it and are safe.
