Challenges ahead

After 25 years of building the church we are repairing the roof of the church and the false ceiling

“online” Counseling

The pandemic has made us adapt, persist, and grow at work, from Biblical counseling

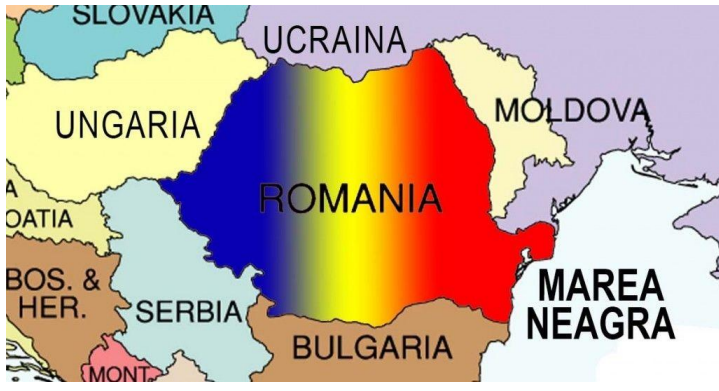

A lot had happened

Since March 15, we have not been able to meet inside the church building due to the worldwide pandemic of COVID-19. The Romanian authorities have gradually lifted the restrictions from June 15, among them are not the churches, so we are meeting in the parking lot and we are also having virtual services through YouTube and Facebook.

In the end, I think we would greatly appreciate communion with the members of the church rather than the meetings outside of the building. It reminds me of that precious verse from Psalm 133: 1

How good and pleasant it is
when God's people live together in
unity!

THE SITUATION OF THE PANDEMIC IN ROMANIA

When I wrote this letter, the economic reopening had begun after 3 months of quarantines and restrictions of different kinds. On June 15, the airport reopened. The pandemic numbers that have been released to date are 22,165 infected and 1,427 deaths. Brasov is the region with the third highest infection rate in the country with 1,029 cases and 55 deaths for only 300,000 inhabitants. If we compare it with El Salvador, Romania is doing half as well. Churches are not yet authorized to function within buildings, so we are all meeting outside or with virtual meetings through YouTube or Facebook live, small group meetings through the Zoom App or other platforms.

Counselors for OM (Operation Mobilization Romania)

I told you that, for about 2 years, we have been counselors on call to members of OM Romania. The Director until recently was Radu Baladan, in the photograph, he was hiking and had a accident, sadly he died instantly. There is great sadness at the loss in the evangelical community of Brasov and Pitesti, where he is from. We were at his funeral on Thursday, June 11.

Radu, a great young man in the best season of his life, 31 years old, was a dental doctor and orthodontist, and a great missionary and trainer with OM. We will always remember him.

PRAY FOR:
Wisdom in these difficult times.
Financial provision in these times of scarcity that already are and will be in the immediate future.
Opportunities to serve people with the God's comfort in His

Word and with the Holy Spirit's help.

Blessings on you!

Francisco & Martita Berrios
