

WORLD REACH®

Reaching the world with the Gospel of Christ through the local church.

Abner, Alisson and Ian Andrés, July 2020

Classes at Mobile Bible Institutes

During the month of February, Abner traveled to Santa Rosa de Copán and El Tomate in Francisco Morazán to teach the class "The Mission of God". In all, some 60 leaders were trained to better serve God. Due to the quarantine by COVID 19, face-to-face classes have been suspended.

Reason for Prayer:

For God to provide for pastors, leaders, and their families. May He provide for each of their daily needs. This is a very difficult time for most families in Honduras.

Sermons and Conferences by Zoom, Facebook and WhatsApp

In the "new normal" the way of ministering is through the different internet platforms. Abner has been preaching and teaching groups of gentlemen, youth, and churches in general. He has also been recording audios to send via WhatsApp. He recently participated as a moderator in a conference on Facebook Live where around 7,500 people were reached. Glory to God! His Word is not bound in chains.

Reason for Prayer:

That God continues to provide these virtual spaces to continue building the church of Christ, not only in Honduras, but in all the countries that are reached through broadcasts.

Classes at the Central American Biblical Seminary

Abner was invited to teach the Principles of Communication class at the Biblical Seminary. Due to the crisis caused by the pandemic, the class had to end virtually.

Reason for Prayer:

For God to save the lives of the students and we will soon have news of the reopening of the seminary.

Humanitarian Aid

Abner has participated in 5 trips to rural communities to deliver food to church members in particular. We give thanks for the provisions that you offer generously for us to be able to share with others.

Reason for Prayer:

So that God continues to provide for these families in need and likewise that He may continue to provide the brothers and friends with the heart to offer donations to buy food.

Writing Materials for Class and Book

Abner is writing material for the "Practical Pastoral" class. This material will be distributed in a SD memory format and will be delivered to pastors in rural areas of Peru, Colombia and Honduras. In addition, he is writing a chapter for a youth book for the Central American churches in Honduras.

Video Conferences of Work and Planning

Abner has been participating in zoom conferences with World Reach members in the United States, Peru, Colombia, and Honduras. These meetings are very important to develop new and creative strategies for Mobile Bible Institutes.

Reason for Prayer:

For God to give us wisdom to understand His will and be more effective in the Mobile Biblical Institutes in Latin America

Dental Clinic

The Dental Clinic has been closed for more than 100 days. Alisson has been praying fervently in moments of concern, but the Lord always puts words of encouragement upon her mind and soul. Her area of work is very high risk and the number of positive cases of COVID 19 continues to increase.

Prayer Reasons:

So that God allows the Dental Clinic to reopen but with minimum risks and protection.

Would you like to partner with World Reach in God's work in Honduras through giving?

If you would like to make a donation, you can do so online at <https://world-reach.org/> by clicking "Donate Now" at the bottom of the screen, submitting how much you would like to give and your information, and selecting your preference for our ministry work "Abner & Allison Mejia" in the designation box. You can also donate by mailing a check payable to World Reach, Inc., P.O. Box 26155 Birmingham, AL 35260, and designating "for ministry of Abner & Allison Mejia."

If you would like to give to our Honduras Relief Program, follow the same instructions above, except make your designation to "Honduras Medical & Physical Relief." Thank you so much for your support of our ministry through World Reach!

Family

Thank God we are fine. We have seen the hand of God providing for every need. We are very grateful to you for your great prayerful and financial support. We have had no major health problems. We are in the process of starting education at home with Ian Andrés, as the health outlook is not very encouraging in Honduras.

Prayer Reasons:

For God to continue to give us health, to provide for every need and for wisdom for the new Homeschool system with Ian Andrés.

With Love;

Abner, Allison and Ian

Andrés
