

The Huyhua family in Lima Peru

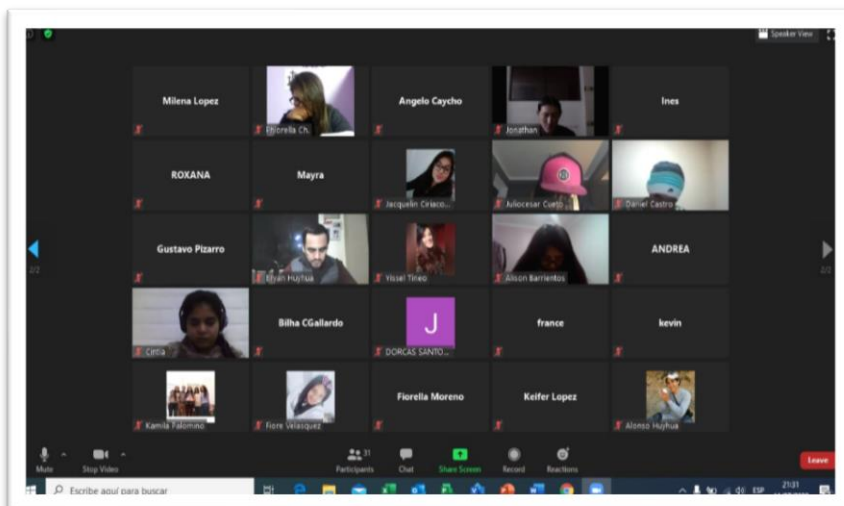

Dear Brothers and Sisters,

It is a pleasure to share with you again what God is doing in us and through us during this hard and critical time, but also in God's hands a fruitful time.

Cell Group: We continue with our meetings every Friday with families, some new families joined our meetings. This fills us with joy for we are having a good time praying, sharing and teaching the Word of God, which He permits us to implant in the hearts of every brother and sister.

Also we had the opportunity of seeing the consolation of God for one of the sisters, whose brother passed away due to Covid-19. We had been praying for him for his health and salvation, now we will keep on praying for the family that during this time their hearts will be sensible to the salvation which is in Christ.

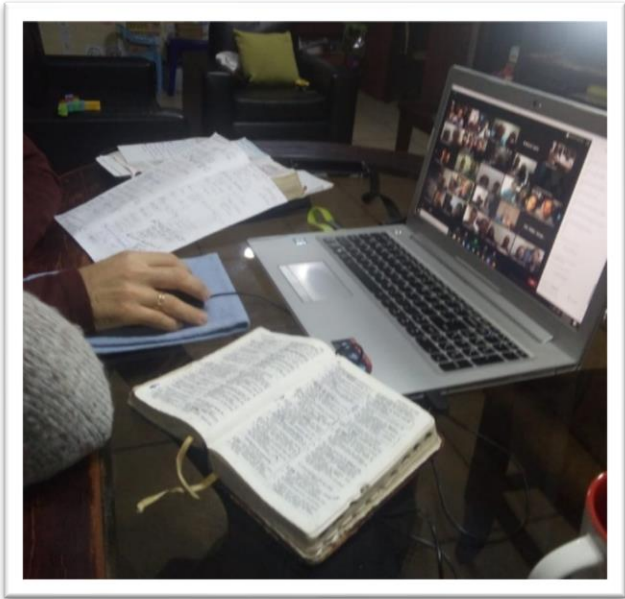

Teens, Young people and Young Adults: We are seeing much interest in the young people for they continue each Saturday to connect to our Zoom meetings. We have 27 to 30 teens, 20 to 26 young people and 32 to

37 young adults who participate in the meetings and God permits us to minister to their lives and we see their interest in inviting others to join us every Saturday on line and listen to the gospel. We give God all the glory as it is written in 2nd Timothy 2:9 the word of our God IS NOT BOUND.

Our goal and vision has not changed, it is to educate the next generation on the foundation of Christ and His Word as is written in Psalm 78:7 and even though during this time we encounter much limitations, we understand that precisely thru these limitations God is still God and we do what we need to do, trusting God will do what we cannot do.

Ministering to couples of the SUBA Church in Bogotá: We were invited to teach and share some time with the couples in Bogotá through the Zoom

platform. God in his grace permitted us to have an excellent and fruitful time with the couples. We saw dedicated families, we had about 78 couples participating. We thank our good God for considering us for such a great privilege of being part of educating brothers and sisters in other countries, so that thru His word they can be stable families and firmly founded on the Rock which is Jesus Christ.

La Roca Christian School: Basically since June we again started to teach our class of Christian Education, but due to Covid-19 the way and times have changed, so I am only teaching on Monday and Wednesday but to three grades at the same time. We are studying the book of Judges. It is different but challenging for the 21 students I teach are from 3 different grades. Some of them are new and I have the opportunity to sow in them that which is eternal, the seed of God's truth. The challenge we have is to establish them in the Word of God as some of them will finish high school this year and God willing will enter into the University where their faith will be challenged. So our commitment this year is for this year to be one of convictions for them, and that they can grow and have a sincere relationship with our Savior so that when they enter the University they can be sustained by the Lord in front of a world that is totally adverse and anti-God.

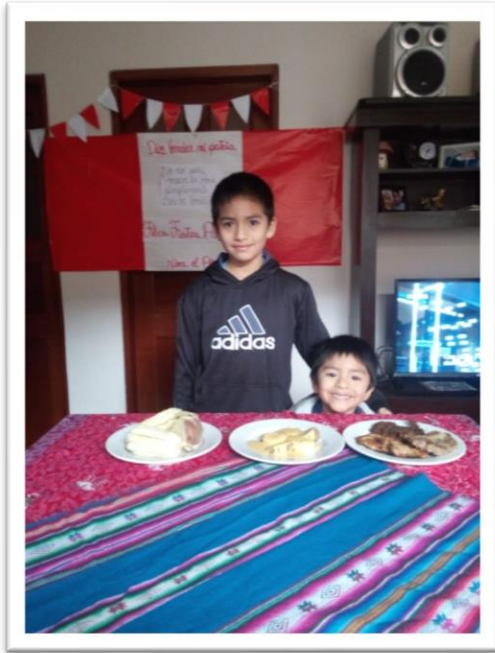

Bible study time at La Roca Church: Every Thursday night God permits us to share His truth. For more than a month we have been studying the seven churches of the book of Revelation. This Thursday it will be the church of Philadelphia. We have also seen God work, edify and challenge our congregation, each teaching is a lesson for us and a challenge to live more piously. Please pray that God will illuminate us and guide us in sanctity and integrity. We not only want to teach God's word but also our lives to be an example, as we see it as a tremendous responsibility to teach in various ministries and to preach His Word.

Discipleship: We continue in this silent job, but keep discipling as a priority with the purpose of training our next generation. The goal is, God willing, to see our future leaders take our place, that's our dream; and when they do that they will be men and women of truth, with sound doctrine, who love the interests of the most High.

That's our goal, brothers and sisters. Pray that God will give us of His grace and wisdom to do this.

God has permitted us to add two more families to this ministry, God's work, and it is our joy and wish they too will grow in his perfect will.

In Peru we are doing all ministry from our houses as the situation here is very hard, we breathe death daily, we have the opportunity to preach

person to person while shopping at the market and that fills us with joy, but we also see God's care for our family.

The classes of David and Nathan we keep having them in house, by using different methods, Zoom, Edmodo and other programs. In the morning there is a lot of activity in the house. Evelyng with Nathan and I with David. We split the time and help each other.

Our health has been good up till now. We are very careful but without any doubt trusting in God, that His hands will

protect us from the infection, and if we are infected, that it will be very light, as David suffers from asthma and that would be very difficult. We thank God very much for you who support us with your prayers, for your interest and love towards our family and ministry, and we keep praying for you that God will keep you safe and keep being faithful according to His will.

Bryan, Evelyng, David and Nathan Huyhua
