Sasha Marie Taylor, 6 lb, 19"

Dear Family and Friends,

The Covid-19 pandemic continues to keep our live World Reach Bible Institute (BI) classes on hold for now. It has been especially challenging since most of our institutes are in rural areas that don't have the traditional access to seminary education in person or through the internet. But it has taught us to be creative! I'm sure many of you have had to do so in your work and lives as well.

We are working on four courses to train pastors in rural Peru and Honduras which will be installed on micro SD cards for their cell phones. They don't have internet access but they do have cell phones! We are thankful for OneHundredFold ministry which is helping us with the technology. The courses are: the Psalms, Knowing God, Fear vs. Faith and Practical Pastoring. I also preached a series of sermons in Spanish on the Attributes of God for a group of churches near Cordoba, Argentina which one of our missionaries is helping.

In July, I taught a course by Zoom on the "spiritual life of the believer" to 40 students in Medellín and Bogotá, Colombia. The students said that it was just what they needed during the hard times caused by the pandemic, which has hit Latin American countries even harder than the U.S.

A huge answer to prayer was that I finished my Doctoral thesis on Hispanic church planting and passed my oral exam (by Zoom) on June 5! God is good – thank you for your prayers!

Other good things have happened as well. Our fourth grandchild, Sasha Marie Taylor, was born on Aug. 20 to Daniel and his wife Alexandra. We are thrilled! Mom and baby are both doing well. Also, Colleen's knee replacement surgery on June 10 went well and she is recovering nicely.

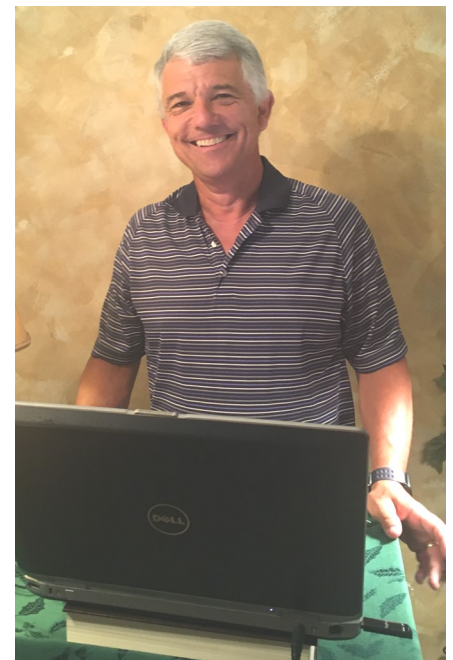

### Please pray:

1. For God to heal our grandson Manny's kidneys and for a close family member's healing.
2. That the pandemic will end soon and that we can resume our live BI courses worldwide.
3. For Brad's preparation of courses that he'll teach later this year and early next year.
