News Letter March 2021

Each gathering at church is a blessing and a privilege!

Prayer meetings on Wednesday and Sunday celebration bring certain anticipation as to how many people will show up. We are always so excited to see our brothers and sisters and guests joining us! We were adventurous, and held a special service for Valentine's Day, February 14. It was a good excuse to invite new people to church and to encourage the discouraged. It was amazing to see the hand of the Lord on all the activities. For a minute, we doubted we should hold this activity because of the covid restrictions and social distancing. As always, God blessed the activity, we had many guests, special music and a delicious meal as we shared the Word of God. The topic: Agape love is above any love we can have. It is exciting to have this type of activity. It was a success. Glory to God for the opportunity to meet together and to continue to preach from God's Word.

Parents are beginning to bring their children to church so they can participate in their Sunday school classes, and the youth, college age and singles, are beginning to meet weekly. This is very encouraging. The women of the church held a babyshower for a young woman who is new to the church, and they encouraged her to join their monthly prayer meeting.

What a blessing to continue to be close to local pastors in rural areas. To hear from them personally and to know how we can walk with them in

their spiritual needs, that we can pray and support them is something that has become essential. As we serve our congregations, it is important we encourage each other often, as it is easy to be touched by discouragement in times like these. I meet weekly with these pastors; and not only that but also provide help and transportation for their members as they have to come into Santa Ana for medical appointments, medicines, or supplies. It was a blessing to help bring electricity to small church in a community called Hacienda Vieja. God has always given us the privilege to serve others and fulfill the calling of God.

Update on the Covid 19 pandemic in El Salvador

After the reopening back in August 2020, most of us tried to go back to our “normal life”. The economy has begun to “reactivate”. We now only have minimal restrictions for moving about, although we are currently expecting a second wave of the virus. Daily confirmed cases have been between 250 and 300 people. There are possibly more cases, because many are not getting tested. The reports say there are 11 confirmed deaths a day. We are awaiting to see what new mandates they will put into effect in March 2021. Maybe “stay at home” or maybe quarantine in some sectors of the country.

Prayer Requests

- *Pray for the strength to continue in the calling the Lord has placed on my life*
- *Pray for all those who need to know of the love of Jesus*
- *Pray for the brothers and sisters in El Salvador who are discouraged and some are mad at God for all they have suffered during the pandemic*
- *Pray for health and protection from the virus*
- *Pray for the health of my brother. He is having difficulties with some eye surgeries he has had for cataracs. There have been complications. He lives in Honduras and has to travel great distances and invest a lot of time; and because of the pandemic there have been delays. This is very frustrating for him.*

Stay Healthy.

God Bless you.
