Prayer Letter June 2021

Behold, how good and how pleasant it is for brethren to dwell together in unity!

Being able to return to church and to meet in a normal way, fills our hearts with great joy. Each meeting is special. We were able to celebrate Mother's Day and we are able to meet for prayer and fasting. We are able to host karaoke. We are so thankful to God, and we recognize His goodness in our lives.

The Celebration of Mother's Day was the second Sunday in May. It was a great event this year since it was two years ago since we last celebrated. People were so encouraged. They were so excited that everyone helped out so we could celebrate all the mothers; we had lunch for everyone. To be together as a family of faith and to see how each one wanted to participate filled our hearts with gratitude. We had ten guests and many mothers from church. We saw how God continues to invite us to know Him. Thank God for this activity.

Karaoke Night!

Seeing the blessing it was for us to meet together, we are having an activity once a month. This is a time we get together to praise God and spend time together. Church members come and sing and they invite their friends so they can hear about the love of God. It is a great blessing.

An Opportunity to Keep Teaching

Being able to meet together without restrictions has been incredible. I have begun teaching a group of about 60 people. I've been teaching on Biblical Counseling to the leaders for their ministries. The Coaching training that I received three years ago in Peru has been a great blessing for my life in preparation for these classes. The students are very happy as they learn! We have also invited 25 pastors from the west of the country in order to train them in Biblical Counseling. This will take place the first week of June. This is a great challenge for me and a great opportunity to minister to the hearts of other co-servants. I ask for your prayers for wisdom and guidance from God as I teach.

Baby Presentations

There are some curious things that happen after a quarantine. One of those being that several babies have been born after this time of confinement. It has been very exciting and full of joy for the families. They were excited to dedicate their children to God. Babies born during quarantine are a blessing.

Handing out Bibles

Besides being able to offer physical help to so many people in the communities, we also have been given the opportunity to put the written Word of God in the hands of many people. We were especially excited to put these Bibles in the hands of the new people in church and the people from rural communities. With much joy they received the Word of God.

Update on Covid-19 in El Salvador

I am happy to share with you that I have received the first dose of the vaccine. Vaccines are being offered more and more, and the hope is that the majority of the people will have the opportunity to receive it in the next few weeks. The official number of people testing positive for Covid has gone down to 70 people a day and 4 deaths a day. God has been keeping us safe, Glory to Him!

Prayer Requests:

- 1. Pray God would continue to protect all the people in church.*
- 2. Pray for the contacts we have reached in our various evangelistic activities we have had each month.*
- 3. Pray for wisdom and direction as to how best help the communities in need in our area.*

God Bless you.
