

# WORLD REACH®

Andres & Monica Acosta Córdoba, Argentina: October 2021

Dear brothers and sisters in the faith, we are so thankful for each of you.

We have so many things to share with you. To begin, We want to thank you for your faithful prayers for Monica and her health. Her healing process is slow, but she is improving! Slowly she has begun to be involved in activities again, both in ministry and at home. She has taken up her counseling ministry, and by the grace of God she has taught “Healing Your Emotional Wounds” to many women. These teachings have gone out digitally and also in small groups via WhatsApp. As far as my health goes, I am doing well. God has kept me healthy so I can focus more on helping Monica stay healthy. I have also been able to be involved in the ministries of counseling, discipleship and evangelism. I am so amazed at what God is doing. We have seen many come to salvation and spiritual maturity through discipleship. Many brothers and sisters have stood up and continued moving forward growing in the Lord. I am grateful to God because I realize only He can do this great work.

We are slowly restarting the work in northern Cordoba. The pandemic has really limited us there. We spent about a 18 months without being able to go, and so many there have been affected and afraid of getting Covid19.

During this time I have been helping with a new ministry in the church. I have been working with professional men, who are unsaved. I ask for your prayers, especially for a psychologist who is very close to giving his life to Jesus.

I continue to spend time with Lucas, the young man who received Jesus as his Savior as he was struggling with drugs and suicide. He has changed so much. He is firm and faithful in the walking with God. He is currently in a training course to work with children and

to be involved in ministry. We give glory to God for his life.

God continues to surprise us with what He is doing. A few months ago I was interviewed by a Christian channel. There I gave my testimony. I shared the Gospel. A week ago I preached in a church, and when I had finished a man approached me. He wanted to greet me, he was so surprised to see me. He had walked away from God and one day he had watched a show on tv. He had heard me speaking and took the decision to give his life back to Jesus. He is faithfully attending church now.

Please continue praying for Daniel, Andres, Dr. Marcos (my doctor), Jose Antonio, Esteban, Miguel and Sergio. I am spending time discipling them. I have given them each a Bible. They have not received Jesus as their Savior yet, but they are very interested.

As far as our trip to the United States, we had to cancel. There are many problems here in Argentina. The protocols and other restrictions the government has imposed make it impossible for us to leave the country. It was a difficult time, we were so excited to be able to go, we had to wres-

Thank you for the relationships and communications you have with us. Thank you for praying for us, for partnering with us in our ministry. Thank you for your love.
