

Huyhua family in Lima Peru, August to October

Dear brothers, it is a pleasure for us to be able to communicate and share with you the blessing that God continues to use us, especially since these months have been different, challenging, and of great encouragement for us.

Evangelistic Mission : a medical support group came from the USA, to work for a week going out to different places and areas. Not only to provide their medical services to people, but also with the help of brothers of our Church in the area of evangelism, we could introduce Christ to many new people. The remarkable thing is that they not only thanked us for the medical part but for having shared Christ with them.

Brethren, from the beginning of the pandemic in 2020 until 2021, it was like starting over again, we were afraid, but with an expectant heart as to how God would work. So we had with certainty a tremendous week, and that we will remember.

The group of American brothers returned to their country much admired and full of praise to our Good God for the opportunity to preach the word of God, and with the

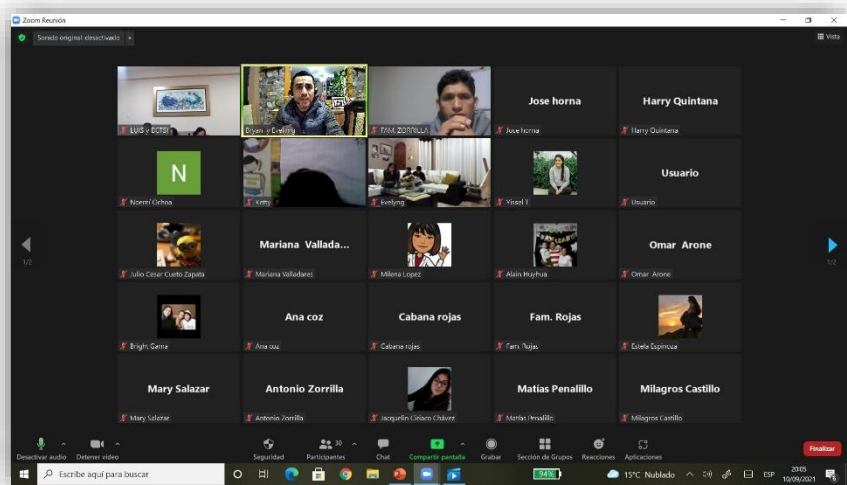

promise to return and continue sowing for the kingdom of God.

What a blessing and satisfaction it is to fulfill the will of God and share the message of hope in hard times like these. Also we cannot stop telling you that our Good God

kept us from any infections, since, in our country, although the infections and mortality by Covid 19 has reduced, the cases of this pandemic still continue. But trusting in God we were even able to go out to a new place like two hours from Lima.

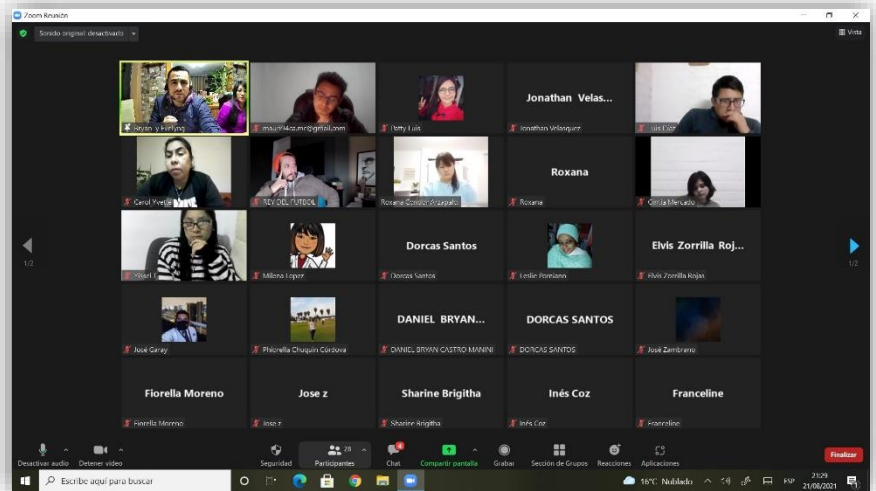

Cell: We continue with the studies with families every Friday and we have noticed an increase of new members to these meetings. This encourages and challenges us to continue with the exposition of the Word of God, with the aim of strengthening families and with the hope that God will make them have roots in the truth of God.

Young adolescents and older young people:

We have had times to learn and grow, since many of these young people, whether they are younger or older, have been helping in the evangelistic missions that

we had, either with translation and also with evangelism. It is very pleasant to see this, it does encourage us to continue building lives, and to continue the work of training the next generation of our Church.

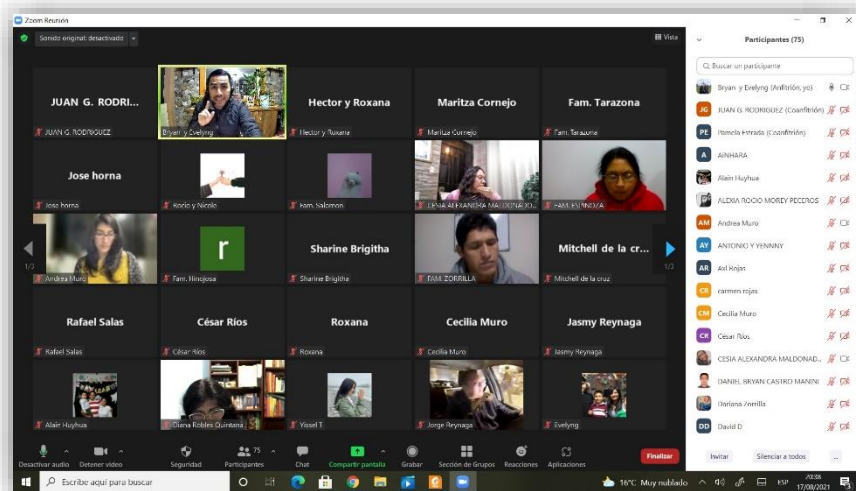

We notice they have a good heart, but it also leads us to continue to care for them with God's principles.

We thank God for this opportunity and blessing that our Church has, to see several Timothy's continue to form.

We thank God for this opportunity and blessing that our Church has, to see several Timothy's continue to form.

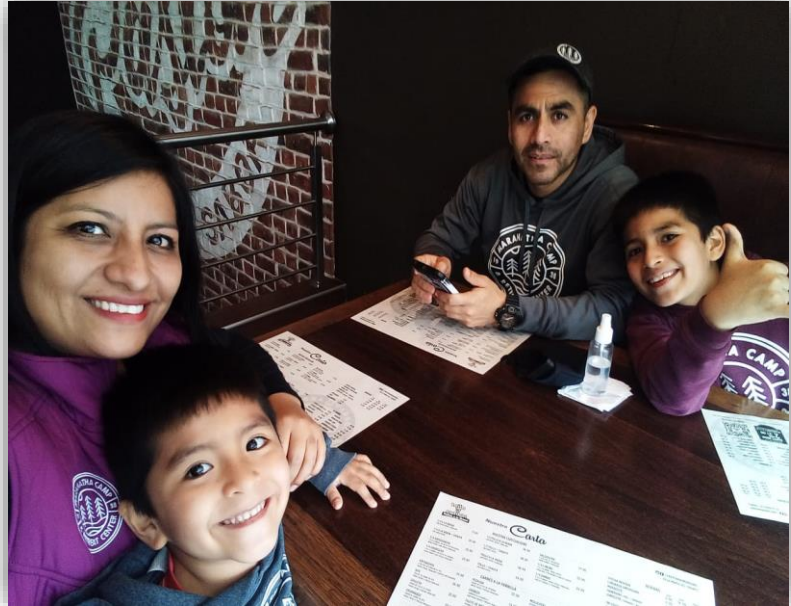

School: I continue with teaching the Word of God through the Christian formation course at the La Roca Christian School. it has been a challenge to do it through Zoom. It is to struggle with the habits of the

children and with their disciplines. The goal is to continue challenging them to make a decision for Christ since many of them although they are in our school, they have not yet taken a step of faith for Jesus Christ, but we pray that they will. Also trusting that the word sown in their hearts would not return empty.

Our Family: As a family we thank and praise God for the blessing of engaging us with lives, as it is not only the opportunity to serve, but to grow in eternal business. So we are very blessed and joyful to be part of God's work.

Evelyng continues with her discipling, with young ladies of our Church, and in the evangelistic missions, involved in helping in the kitchen for the group that came.

She is calmer as her father's operation was a success and we pray for his speedy recovery.

Pray that God will continue to give us a wise heart for our two sons David and Nathan.

Pray for the recovery of my father Victor, he had a primary facial paralysis, but thank God he is already being treated, and we see his improvement.

As a family we have the desire that Evelyng with our sons David and Nathan, can travel to Spain, to visit my in-laws. We are praying that God will help us do this, if it is His will. It's been five years since Evelyng saw her parents, and we have the desire that they meet again. Help us to pray for this, brethren, that if God permits it will be done as God himself desires.

Thank you very much, brothers and sisters, for your help and prayer to our good God. For interceding and sustaining us with your prayers and offerings. We love you and we value tremendously what you do for us. Thank you very much again.

My sincere greetings and that of Evelyng, David and Nathan as well. May God remember all you do for us.

Finally, brothers and sisters, rejoice! Strive for full restoration, encourage one another, be of one mind, live in peace. And the God of love and peace will be with you.
2 Corinthians 13:11
