have the opportunity to continue preaching and sharing the Good News. Thank you for including God's work in El Salvador in your prayers.

Do Good to All

In my meetings with pastors and leaders in the rural communities I like to listen to what are the specific needs people have. For example, Noemy, who is two months old. She was malnourished and we have seen how the hand of the Lord has provided baby formula to help her gain weight. Glory to God. Also we have provided chairs for the children in the community so they are able to have Sunday School class. This has been our goal during this trimester. We also took Bibles for the children and for some adults. It is a blessing to put the Word of God in their hands and for them to have a place to receive Bible classes. During the week I receive in Santa Ana different people from the community and I help them with various medical needs. They arrive in the city without knowing where to go. This last week I helped a very young couple who had had a miscarriage. It has been difficult for this young couple to come and go from where they live with so many lab tests and exams trying to figure out why there was a miscarriage at 35 weeks. It is sad but at the same time they are encouraged to move forward. With the help of friends and various doctors I have been able to get some medical exams for free. Something that would normally cost \$500. This amount of money represents about 3 months of work for this young couple. This is a miracle. They are trusting in God for His care and provision for them.

Thank you for your prayer for me before and during my gallbladder surgery. God has been faithful in His care for me, and my recovery has been good. My health has been better, I feel healthier. Thank you for walking through this with me.

Prayer Requests:

- Pray for continued follow-up and discipleship for those that are visiting Family of Faith Church
- Pray as I continue to preach the Word of God in the communities and wisdom to know how to better serve the people and their spiritual and physical needs.
- Pray for protection from the virus. We are fighting new variants of Covid.

God Bless you

Leonel Ariaga
