Prayer Letter October 2021

Update on the Virus

Something strange is happening. The new variants of the virus are killing many people. More people have died these last few months than this time last year. We have really be impacted! In one week, three pastors I knew have died. The deaths because of coronavirus have tripled and despite the statistics people are trying to live their "normal" lives. I believe many have lost their fear of the virus. And that is why there are more people being infected. Please pray for this country.

Bibles for All the Children

***Your Word is a lamp to my feet
and a light to my path. Psalm
119:105.***

Within the good things that are happening around here, is that since the children are unable to go to school because of the virus, many parents are looking for alternatives so that their children may socialise. This has made it so that the Sunday school class is highly attended in the communities. I have

begun a campaign to give Bibles to those that know how to read. It has been a great sucess! The children are excited as they receive the written Word and the parents are grateful.

Children's Day

In Family of Faith we celebrated Children's Day. (This is a holiday celebrated on October 1st.) I miss your brothers and sisters from CCC. Each year they have been with us and they have joined in the celebrations. But, this is life for now. This year we were able to spend some time together as a church celebrating the children. We had piñatas, food and the children enjoyed themselves as much as the current circumstances allowed. Glory to God for the blessing of meeting together.

Completely Recovered

I want to thank you for your prayers. I am completely healed from my surgery. The miracle of my situation was that when the doctor was mid surgery he discovered an umbilical hernia and he repaired it. It was a two for one surgery. This surgery has left me with three months of strict diet and exercise. Since I am unable to do my usual exercises which was mostly team sports (and because of the virus we are unable to get together for that), I have changed activities. I am excited. Thank you for all your support and for walking with me through this time.

Prayer Requests:

- Pray for protection against the virus that is very strong in El Salvador
- Pray that I may continue to preach the Gospel even during these hard times. Pray that I may be able to take the Word of God to even more people in the middle of such great discouragement and frustrations, and also I have seen much indifference.

God Bless you
