

WORLD REACH KENYA ORPHANAGE

February 2022 Update

Dear Partner of our Kenya Orphanage,

Our children are doing well and will complete the 3rd term of the Kenyan school year in early March, with four children expected to complete primary school. Once final scores are received, Director David Magiri will determine where to enroll each in secondary boarding school (high school). Two children are expected to graduate from secondary school. Their scores will determine if and which university or college they may be able to attend. Students not scoring well enough or unable to pay for university or college often go to a trade school.

We are thankful for the faithful support of our donors who enable World Reach to cover the costs for our children's primary and secondary education, uniforms, boarding fees, etc. After secondary school graduation, we will be able to bring two new children into our home to replace the graduates. Please pray for Director David Magiri as he and his wife, Janet, help our two graduates make important decisions about their future and also as two new children are introduced to our home.

A Letter From David Magiri

Dear Friends of World Reach Orphanage,

Please find the story of the impact of the World Reach Orphanage on the life of Ronny Kiogora. As a child, Ronny was abandoned by his parents and left with his grandmother who could not afford to take him to school or to feed, shelter, or clothe him. After Ronny came to the orphanage, World Reach started taking Ronny to school. He received food, clothes, and shelter and moreover, was taught the Word of God.

After Ronny completed his primary education and finished his secondary education, he stayed at my home for a number of months. Janet and I supported Ronny and sent him to a cooking school for 2 years. After he finished his training in cooking school, he developed an interest in working for our orphanage. I started giving him part-time work in relieving the guard on campus, substituting for house mothers, and doing other work around the campus such as cleaning and other chores. After a few months, Ronny submitted an application seeking an opportunity to work as a full-time staff member. Now Ronny is happy to be an employee of World Reach. This is a living testimony in what God is doing through World Reach Ministry teaching and changing the lives of children.

Please find his personal testimony and his current photo. Ronny became a full-time staff member of World Reach in January 2022. He is growing greatly and sharing his faith to the orphanage children and encouraging them. Thank you and God bless you all,

Yours in Christ,

REV. DAVID K. MAGIRI

Rev. David Magiri
World Reach Kenya Field Director

MY PERSONAL STORY - Ronny Kiogara

Hello to everyone supporting the World Reach ministry!

First, thanks to the World Reach ministry for taking care of me. I was left alone with my grandmother after my mother and father got separated. I was very young, around 4 years, my grandmother was not able to take care of us because there were many in the family. I thank our Director David Magiri and Janet for hearing my cry. They took me to the Children's home where I met other children. Janet and David promised all things will be better if I believe in Jesus and obey them and Him. I thank God because they taught me how to pray and to read the Bible. Moreover, I was saved there! I accepted Jesus as my personal Savior. I thank the entire World Reach ministry for bringing me where I am today. May our God Bless you all!

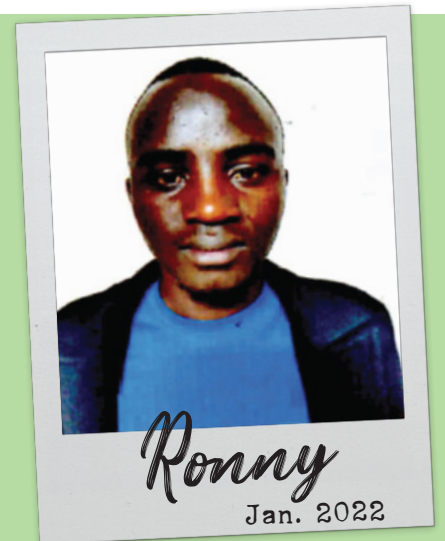

It is my desire to serve the ministry of World Reach, because the ministry has helped me to achieve my goals in life. It is my desire to work with the ministry to bring other people to the word of God.

EXPERIENCE IN THE ORPHANAGE

I experienced warmth and welcoming from orphanage staff and other World Reach staff who were in Meru. They introduced me to the word of God when I first met them in the morning prayer time where they were gathered all together in the office. I was so shocked to hear that all the peoples in the morning were praying - both the staff and the children. I myself was not even able to construct a single sentence of prayer. But thanks to all the staff and children for teaching me how to pray and to read the Bible within two weeks. The Staff trained me and they asked me what my vision was in my life. They gave me more hope in this life.

The ministry took me to school in the year 2008 and later I completed my primary education and scored well. In the year 2015, they took me to high school level and in the year 2018 I completed my education of high school level. I thank the ministry of World Reach for the support given into my life. It has been a great help and I pray God will open more doors to support other children. You have brought blessings into my life.

May our God bless you and all the ministry of World Reach! Amen.

Ronny's life has been changed! He's a Christ-follower and has grown to be a successful member of Kenyan society. We are thrilled that he now serves at our Meru campus because of faithful partners like you.

Blessings,

Heather Thornburgh
Chief Operating Officer
