Church in Zapotillo where we taught

Dear Family and Friends,

We've had an adventurous fall, highlighted by an exploratory trip which I took from Oct. 7-14 to Peru to investigate the possibility of starting 2 new Bible Institutes (BIs) in Peru. God blessed my trip greatly even though it was arduous and tiring.

In the span of 8 days, I took 9 different flights. For the first half of the week, I went to Lima then to Pucallpa in NE Peru near the Amazon jungle (see map on left). From there, we drove into the jungle to a town called Zapotillo, which is in an area with many unreached indigenous villages. We met with Roner Reyes, a Peruvian missionary who has a vision to train national pastors, church planters and missionaries to plant churches in 11 or more native communities there. He wants us to start a BI in Zapotillo to do that—and we do as well! Our car and mototaxi broke down 5 times going in and out of the jungle!

The second half of the week, I flew back to Lima then to Tumbes, on the NW coast of Peru near Ecuador. It is a very dry and poor area. There, we met Pastor César Quispe, who wants to train pastors and church leaders to plant churches throughout the Tumbes area and in Ecuador. We have a great opportunity to start a BI there as well. We are taking the next steps to launch BIs in each of these 2 new sites, which would include meeting with pastors and teaching conferences in Tumbes in February and in

Zapotillo in May. With these 2 new sites, we would have 5 BIs training pastors in Peru!

Our Kenya BIs are going well. From Nov. 4-11, we are teaching a course on Biblical Doctrine to 35 pastoral students. In Muthetheni, where we have our medical clinic, we are building a dormitory and classroom facility to house pastors when they come for classes so we can start a second BI. However, inflation has caused a 35% price increase, which means we need to raise more funds for the building.

Please pray for us for:

1. God's guidance in starting 2 new BIs in Peru.
2. Funds to be raised for Muthetheni dormitory project.
3. For the launching of 2-3 new BIs in Colombia.
4. For our BI classes to start in Honduras in 2023.
5. For Colleen's broken right wrist to heal completely after her surgery on Aug. 29.
