AUGUST

I asked you to pray for the conference with the World Reach team. Praise the Lord, we had a wonderful time together. As you can see in the picture above, there were missionaries, board members, missions pastors, and Colombian pastors. We worshipped, prayed together, and learned more about each other's ministry as we also learned about counseling.

Since this retreat was conducted in my hometown, I oversaw the coordination of the arrival and transportation of all the attendants.

Thank God, everything went well and we were refreshed by the Word of God and fellowship.

AUGUST-SEPTEMBER

One of the highlights of August was our trip to Cordoba. We met separate groups of pastors and church leaders in four locations. We could reach at least one hundred pastors and leaders in these locations, because while there are many churches in this area but not much training and discipleship. Also, the denominations behind these churches are jealous of a potential Bible Institute in this area. Please pray God opens and touches hearts to ministry in this place.
