Dear brother/collaborator,

The year 2023 started with a lot of evangelistic activities. Thanks to God, La Roca church could organize a medical campaign, and some camps in January and February.

I will share about these activities with you in this newsletter.

Medical campaign

In the period of January 16th to 21st we had a medical campaign. A group of North-American medical doctors and nurses came to Peru to give free medical attention. We visited different neighborhoods. At Quilmaná we encountered a very sad case of a lady who had several serious problems. She had physical, emotional, mental and socio-economic problems.

Medical doctors attending patients

This lady called Pilar, was about to lose the place where she stayed, and she was desperate. She came to the campaign and told us that she wanted to commit suicide. She had already attempted to do so, but it didn't work out. So, at that moment we took her apart and talked with her about her situation.

We shared the hope of the gospel with her. She felt relieved and thanks to God we could give her a bible and glasses, for she had an eye problem as well. She returned home joyfully. Her main problem had been solved; now she has eternal hope and a reason to live. Glory to God! (Mark 10:45).

Interpreting for a patient (triage)

Let's pray for Pilar, so that God can continue to work in her life and that she might receive adequate medical treatment for her feet that had serious wounds. The last day of the campaign the Lord opened a door to minister to several ladies who had come with serious relational problems. I thank God that I could minister to them and share the gospel!

Thanksgiving:

- ✚ Opportunity to minister in medical campaign and camps;
- ✚ Growing number of children that are attending the ministry: 'Joyas Preciosas' on Saturday;
- ✚ Grace and favors of God;
- ✚ God's protection and care;
- ✚ Opportunities to share the gospel;

Prayer petitions:

- ✚ Fruit of salvation in the lives of Rut, Maria and Pilar;
- ✚ Pilar's health: treatment of her feet;
- ✚ Intervention of God in my migratory situation;
- ✚ Wisdom for my job in school and my other ministries;
- ✚ Ministry with mothers in 'Casitas';
- ✚ Cyclone 'Yaku' and the victims;
- ✚ Provision, health and strength;

Youth Camps

Our first camp was with pre-adolescents (January 24th to 27th), they excitedly participated in worship and competitions, and enjoyed good spiritual food. I thank God for the opportunity to give a workshop together with a brother on 'Jesus our real Influencer and how we can be influencers' for Christ'. We also prepared a theatre on the life of Job for the parents. Job didn't have any technology, but he was an influencer approved by God because of the spiritual quality of his life.

During the workshop with pre-adolescents

I thank God for the unexpected opening to give a lecture to the parents. This addressed the dangers & risks in the social media. The goal was to create awareness in the parents to take care of their children, instruct them in the Word and not give away their lives to the enemy that is behind the social media.

The theme for the camp of the adolescents (January 31st to February 3rd) was the same as that of the pre-adolescents. We gave a workshop on the dangers in social media and how to protect themselves. The last camp (February 6th to 10th) was for kids of 6 to 8 years. Their enthusiasm was remarkable, especially, when we were praising God and competing in teams. During this camp I gave two bible classes.

A view of kid's camp

One class was on how God had protected David when he was in danger of death because of king Saul (1Samuel 18-19). The other class addressed how God took care of Job during his illness and eventually restored him (Job 1-3 and 42.) Let's pray that the kids will remember and apply these truths to their lives.

Special prayer petition

Since we started ministry with kids at 'Casitas', I had the desire to minister to the mothers. I noticed that there is a lot of needs regarding the upbringing of the children. Please join me in prayer so that God will open a door to enable this.

Final word

Thanks a lot for your interest and participation in God's work. God bless you abundantly (Ephesians 2:10)!

Your servant in Christ,

Sharine Brigitha
