Dear brother/collaborator,

The Lord is good and worthy of our praise. He gives hope and extends His mercy to us each day! (Lamentations 3:22-23). This is my second-last letter of this year; I will share some highlights of the months September and October with you.

Olympics of La Roca Christian School

From September 19th to 22nd we had our annual Olympics for the students.

One of the winning teams of the Olympics

We had competitions of several sports; like volleyball, soccer, basketball and gymnastics.

A novelty this year was our music competition and English spelling contest.

The final English contest was exciting and full of suspense.

Celebration month of the bible in Sunday school

On September 24th we addressed the development of the bible throughout the time, in our Sunday school class. The reason for this is that the month of September is the month of the bible. This was an interesting topic and the children understood what it was about, despite of their young age (3-5 years).

I used images to illustrate the development of the bible in time and they learned the sequence of the different stages of the bible. At the end of the lesson, they chose an image that represents a stage in the development of the bible: the commandments in stone (Moses), the parchment etc., so they could color them.

Thanksgiving:

- ✚ Favors of God and His care; 😊
- ✚ Opportunity to disciple new convert who are adults; 😊
- ✚ Guidance and wisdom of God in trials; 😊
- ✚ Opportunity to fly to my country and handle important matters; 😊

Prayer petitions:

- ✚ Monthly provision to cover certain costs;
- ✚ Faithfulness for all who serve in the ministry of Casistas.
- ✚ Health, rest, strength to finish my work well;
- ✚ Health of our school principal;
- ✚ Protection, health, and an appropriate company for my mother;
- ✚ Wisdom to handle everything well in the coming time season.

View of the ending of Sunday school

Our key verse of the bible was: 2 Timothy 3:16 "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness."

We ended this time sharing a snack and a drink.

We gave thanks to the Lord for His word which is of great value for our spiritual growth and our lives in general!

Expo-science

As is our tradition every year, we organized our expo-science from October 24th to 27th at school. During this expo the students of every level presented their projects of investigation with various topics.

The result of these projects was presented to the parents as well, who assisted at school to see the works of their children.

One of the topics was: how to manage the actual global food problem.

Some groups of students investigated this theme from different perspectives.

A view of the presentation of the class of secondary school.

In closing

I want to finish thanking God for the opportunity to serve in His work here in Peru. To God be all the honor and the glory (Romans 11:36)!

Your servant in Christ,

Sharine Brigitha
