Serving God in Honduras

*A New Year: a new opportunity to grow in the wisdom of God.*

When we think about how many people did not see the dawn of this year that we are beginning, we must not stop thanking God for the valuable gift of life. A new year presents us with new challenges as individuals and in marriages, families, and churches. None of us have the ability to know the future (thank God). So, most things that happen surprise us, even when we have planned some provisions along the way. But this new year also brings with it new opportunities from God, opportunities to continue with the transformation that He has initiated in our lives - to be better Christians, spouses, parents, children, brothers, and sisters.

Someone said that life is not about counting the days, but about making the days count. The above implies that we renounce merely existing and letting time pass in order that we might have a meaningful life, where each day becomes an opportunity to learn to see life as God sees it. In other words, the wisdom of God is present, present in everything we plan and do. It is our wish that this new year is full of the grace and favor of God in your life, that His wisdom guides us in every step. Thank you for being part of a small, special group that prays for us and financially supports our World Reach ministry in Honduras, in the heart of Central America.

## Reasons for Gratitude:

1. During 2023 God guarded our lives. We faced illnesses and difficult situations, but in everything, God's hand was on our lives.
2. We thank God for the great privilege of serving Him. He allowed us to touch the lives of many people. We saw children, young people, and adults give their lives to Christ.
3. God gave us a year of learning. We were able to learn through formal and informal means, all with the purpose of being more prepared to minister in the best way.
4. God allowed us to enjoy our children who, by His Grace, are not only growing in stature, but in their knowledge of God and their love for the ministry.
5. We are very grateful for each of you for being part of our team of ministry partners. Your prayers, your words of encouragement, and your offerings to World Reach have been gifts of God to our lives.

## Challenges for This New Year:

1. To continue growing in our faith as individuals, as a couple, and as a family through prayer, reading, and studying the Word of God.
2. To learn to have times of rest without feeling any guilt, because many times we are so busy that we forget that rest is a biblical principle and very necessary for our integral renewal.
3. To take advantage of training opportunities to continue learning and experiencing the transformation that God wants to make in us through His Word.
4. To continue with the study of the English language in a formal and consistent manner.
5. To complete the remodeling of the dental clinic, which will be of great benefit to the residents of the Paso Hondo community and surrounding areas.
