Dear brother/collaborator,

Now that I'm writing you from Lima we are in winter. This year it has been really cold in Peru. Last year we didn't have winter; it had been warm the whole year. In this letter I am going to inform you about the ministry during the months May and June.

Celebration of Mother's Day at the school

View of the mothers who attended

As usual, we had our Mother's Day celebration at school this year. This took place last May 10th. The gospel has been presented and we had special presentations from the students. The room was full of mothers.

Evangelistic campaign with Providence

Together with Kristine who shared a special testimony this week.

From the 17th to the 21st of June, we had an evangelistic campaign with a group from Providence church of the United States. In the morning, they had a special program at school and in the afternoon, we went out to different areas to share the gospel. I served by interpreting and evangelizing.

I thank God for the great devotional that they shared with the students about the book of Esther (Bible). At the end of this week, we had a drama presentation about Esther.

Activity of the cell group in Casitas

Nicola and his mother won the competition of bible verses.

On June the 14th we celebrated mother and fathers' day all together at Casitas. This was a special evangelistic event with a competition on memorization of bible verses. The children participated together with their parents.

At this occasion the parents got a chance to hear the word of God.

Please pray for salvation of the families in Casitas.

Moment of suspense waiting for the announcement of the winner

Final words

I conclude thanking God for everything He has done. I want to show my gratitude to you as well for your partnership in the work of our Lord.

We reap tomorrow what we sow today. So, let's continue sowing in favor of the growth of God's kingdom, for we will reap at due time (2 Corinthians 9:6 and Galatians 6:9).

Your servant in Christ,

Sharine Brigitha
