*Dear brother/ collaborator,*

*We passed the first half of the year and we can look back on a lot of things that the Lord has accomplished for us. The school has organized various activities where the gospel has always been preached; and in the ministry at Casitas we see that the children are growing in the Lord's word. In this letter I am going to focus on the activities of the school.*

**Fiestas Patrias**

*On July 19th we celebrated the Independence Day of Peru, the so called "Fiestas Patrias".*

*Our brigade responsible for the social-emotional aspect of the school*

*We had a parade with several groups during the official part of the celebration. The small kids wore costumes according to the theme of their grade and we marched with the brigades.*

*Presentation of the little ones*

## Workshop for a better ambiance in the classroom

In the month of August our department CEP (Counselling and Psycho-pedagogy) organized several workshops for our students. We thank God for the opportunity to minister to our students in this way. In this case the theme was: "School Violence-Bullying".

## Workshops on Career & Vocation

We organized workshops on career and vocation for the 11th grade from August 26th to 29th. Thanks to God the professionals that we approached cooperated with us to facilitate the workshops and to motivate our students to look for God's guidance in their decision making for the future.
