Serving the Lord in Honduras

A FRIEND LOVES AT ALL TIMES,
and a brother is born for adversity.

PROVERBS 17:17

The blessing of friendship:

The way of life can become very difficult and, in some sense, very lonely - even for those of us who know and love God. Thanks to Him, we can count on the blessing of friendship, because the friends we have are like family that we choose. Friends are a faithful provision of God in our times of anguish; they are there to encourage us and walk alongside us. Many of you have been with us in different ways: with your prayers, offerings, text messages, calls, and visits. We love and are thankful for every way that you show us your support. God has blessed us by putting every one of you in our lives.

We would like it very much if all of you could come visit us sometime and get to know our ministry here in Honduras. The door of our house will always be open to you. We would love to cook typical Honduran food for you and share good times together. We want you to know that in this small country in Central America, you have some friends that love you and pray for you.

Women's conference:

Last year, we had a conference for wives of pastors. But this year, for the first time, we invited Christian women from various communities in the central region of Honduras. God surprised us greatly, sending us more than 360 women who sang with all of their

hearts in praise to the Lord. God greatly used Reyna Anderson, who was the keynote speaker of the event. God also blessed us during that time with a visit from our friends, Ronnie Anderson (husband of Reyna), Barry Lowe, and Robin Lowe. They did amazing work sharing their testimonies and serving others.

Completion of the training program in El Tomate:

A little more than 3 years ago, Abner joined a training initiative for a group of pastors and leaders in the community of El Tomate, Guaimaca. God placed in the hearts of our friends, Kelly and Trisha Lawrence, to help those pastors and leaders to obtain basic training for the ministry. Abner traveled 3 consecutive times recently to complete this 3 year-long program.

Bible Club:

God has given us wonderful times in the Bible Club with the public-school children. We have had many special activities including receiving visitors who shared the message of salvation with the children through art. We also prepared special food for the children, and we gave them primary dental care.

Dental clinic:

Alisson has had many opportunities to serve individuals and groups. Recently, Alisson joined the effort of the Evangelical Hospital to put on a medical and dental brigade in which they attended more than 150 people. Many received dental treatments, medical attention, medicines, but most importantly, they received a testimony of the love of God.

Please continue to pray for us:

Alisson continues to be very involved in different ministries. God has been good to her and her health has gotten much better. **Pray** for her next visit to the endocrinologist, that God provides all that is needed and that Alisson will receive good news.

Ian Andres continues advancing in 6th grade. He is also attending swimming class 2 times a week. He has had good health and a good attitude while helping in our house - he is very obedient and willing. **Pray** that God will allow him to continue well in his classes and in other activities.

Ellie Sophia is Ellie Sophia! She is always making us run around; some things she does make us laugh and others make us worried. **Pray** that God allows her to continue to grow healthy and strong.

Abner has been much better recently. He has lost some weight, but still has more to go. He is waiting for a visit to the endocrinologist so he can look for other non-surgical alternatives to improve his health. **Pray** that God directs the doctors and that Abner's willpower will increase.

Blessings,
