

Taking Christ to the Nations

*Dear Supporters and Friends,*  
Greetings from World Reach Medical Clinic in Muthetheni. As we step out of the first quarter of 2024, we're filled with gratitude for the blessings and opportunities that lie ahead.

At the Clinic, our mission is not just to treat illnesses but to bring healing, hope, and compassion to every individual who walks through our doors. In this newsletter, we'd like to share some touching stories that showcase the impact of your support and how together, we're making a difference in the lives of those in our low-income community.

## Stories of Hope:

***Topista's Journey to Wellness:*** *Topista*, a mother of four, came to our clinic feeling overwhelmed by the burden of managing her diabetes and hypertension. With limited resources and access to healthcare, she struggled to afford her medications and maintain a healthy lifestyle. However, through the

grace of God and the support of our dedicated team, Topista received the necessary treatment, education, and support to manage her condition effectively. Today, she stands as a beacon of hope in our community, inspiring others to take control of their health.

### ***John's Triumph Over Hypertension:***

John, a hardworking farmer, never prioritized his health until he suffered hypertensive urgency due to uncontrolled hypertension. Faced with the reality of his condition, John turned to our clinic for help. Through a combination of medication, lifestyle changes, and regular check-ups, John's blood pressure is now under control, and he's able to continue providing for his family. His journey reminds us of the importance of early intervention and the miracles that God can provide when we come together to support and love one another just as Christ loved us.

### ***Upcoming Event:***

May 1st & 2nd: We're excited to announce our upcoming medical camp, where we'll be providing free health screenings, consultations, education, and free lab tests to members of our community.

**Dr. Albert Smith**, who is on our World Reach Board, will medically assist doctors at the medical camp. William Fain and CEO Bobby Wilson will also be attending from the U.S. to evangelize patients and help out wherever needed!

This event is expecting 400-600 patients in just two days! Be praying for our Clinic Staff and other staff who will be serving at the camp. We are excited to branch out and let others know what we do and why we do it!

### ***Ways You Can Help:***

- **Partnership Opportunities:** Collaborate with us to expand our outreach, enhance healthcare services, and contribute to community development.
- **Sponsorship Programs:** Support specific initiatives such as: medical camps, health education workshops, or patient support programs.
- **Donations:** Your generous donations to World Reach, whether financial, in-kind, or medical equipment, will contribute to sustaining and expanding our mission.
- **Volunteer Support:** If you have skills and passion to make a hands-on difference, consider joining as a volunteer and contribute to the well-being of our community.

Thank you for your continued generosity and commitment to our cause. May God bless you abundantly as we journey together towards a healthier, happier future for all.

***With Gratitude,  
Ken Mwiti
