

## The greatness of God

Isaiah 40:14-15 reminds us how great God is: “Has the Lord ever needed anyone’s advice? Does he need instruction about what is good? Did someone teach him what is right or show him the path of justice? No, for all the nations of the world are but a drop in the bucket. They are nothing more than dust on the scales. He picks up the whole earth as though it were a grain of sand.”

This beautiful passage highlights the greatness of God compared to our small world, which would be like a grain of sand in His presence. That fills us with joy and peace in the midst of any present difficulty, because our faith is placed in the greatest and most wonderful Being that exists, our great God.

## What is going on in the family?

We thank God that He has been so gracious in our daughter Michelle's health. She has continued with her severe cough and allergy crises, although she has been under treatment for 4 months since November of last year. After several consultations with different pediatricians, and several tests, including an MRI, we were able to verify that Michelle has a severe inflammation in the right sinus. With this diagnosis and the appropriate medications we have seen a great improvement in her this week, the cough has subsided quite a bit. We are so thankful to God for His goodness in Michelle's life and ours. It is so comforting to our hearts to remember that the God of Isaiah 40:15-18 is the same God we live by and serve today and that nothing is beyond His control.

Hana and Eliana are in the final stretch of their school year, excited to finish that stage. They are preparing to participate in a business fair for the Co-Op group, using their God-given artistic skills, painting and creating miniatures, among other things. In January they had the opportunity to be involved in ministry with a missionary group from North Carolina that was working in our church. It was a special time for them, they helped in evangelism, we rejoiced to see them serving the Lord with their skills and gifts.

# Ministry

In these last 3 months God has allowed us to serve Him in different areas such as preaching, training, teaching children and youth, women, and we are in the process of writing the course "Discipleship for small groups" for Biblical movil institute (BMI) courses. We continue to support some local churches with training for Sunday school leaders and teachers. God opened the opportunity to share these trainings online to other countries like Peru and Ecuador and in other parts of Honduras, so we are planning to move the workshops to the World Reach virtual classroom, to be able to support teachers in other parts.

It is so special to hear IBM teachers tell their testimony about how the classes have been a blessing to the students and how God has spoken to their hearts through them, and shown them things they had not seen before. One pastor shared that he had never thought about the motivations for why he does what he does, that really understanding the reality of his heart showed him who he was and who God was.

This is a work that cannot be quantified, although we like to have an exact number for statistics. But we are sure that God is working in the hearts of those who are trained through Biblical movil institute (BMI). God, in his mercy, allows us to be his collaborators. We are glad and encouraged to see the work of the Holy Spirit in the life of every pastor and leader who is getting to know God better. And without you this would not be possible. Thank you for being part of what God is doing here in Honduras and elsewhere.

## Prayer

We share with you some prayer requests.

1. For Michelle's health that God may continue to work according to His purposes. And for his provision in all this time.
2. For God to guide us in everything we do in the family and ministry, to serve Him with a right heart by looking to Him, and thus be able to transmit that feeling to our daughters and each person that allows us to teach Him.
3. For more people to benefit from the study of the Word of God through the Virtual Classroom of World Reach.
