Dear brother/collaborator,

I am very grateful to God that He provided in order for me to go to Curacao for the holidays. I spend a good time taking care of my mother and also in the company of my family and brothers in Christ. I'm also very grateful that after praying for some year, the Lord opened a door so I could go to Holland. I really had a blessed time and was able to share the gospel with some family that has been very 'closed' toward the gospel (Romans 1:16).

**Camps in January and February**

*Overall view of the children during the activities at the camp*

In the months of January and February we had our camps as usual in Lima. There were camps for the children, adolescents and youths.

**Medical campaign in February 2025**

*Attention for a small patient during the medical campaign*

This year we also had our medical campaign from January 31<sup>st</sup> to February 6<sup>th</sup> with 'Twin Missions International' (T.M.I.). Elaine and Eunice, two twin sisters have more than a decade ministering with their team faithfully in Peru.

## Thanksgiving:

*That I could take care of my mother during my holidays;*

*The opportunity to go to Holland and share with family and friends;*

*The children and adolescents who heard the gospel at the camps;*

*Those who attended the medical camp and heard the gospel;*

*God's care and provision during my holidays.*

## Prayer petitions:

*My mother's health and her care;*

*A dedicated brother who can replace me in ministry on Saturdays;*

*To be sensitive and obedient to the Lord's guidance this year;*

*For the children at Casitas: consistency, salvation and spiritual growth;*

*For our team at Casitas: wisdom, dedication and protection.*

This is the group of medical doctors and nurses who come to Peru with the primary purpose of sharing the gospel with the Peruvian folks and show God's love by giving medical treatment, and medication for free (Ephesians 2:10)!

## Visit of the principal of La Roca Christian School

*At the airport with our principal Maritza*

During my holidays in Curacao, the Lord made it possible for our principal: Maritza Cornejo to visit us with her family. This was very special, since she's had the intention to visit several times, but there was always an impediment.

Could you please pray for her health. She's been struggling with her health for the last years and now she's quite frail.

Thanks, my brother/ collaborator, for your support and the Lord bless you richly. God's grace be with you.

Your servant,

*Sharine Brigitha*
