MEANINGFUL ENGAGEMENTS AND OUTREACHES

Dr Wilson hit the ground running from the very first day, meeting with some members of the Board, the Director at Ministry of Education and Training, ETGPS department (Lindiwe Dlamini) who oversees the programs we do in schools. She expressed her gratitude for the opportunity and the role we play in impacting students and teachers' lives. Came Thursday, we were good to go out to the most remote part of our country. With support from the ETGPS Director, we had an off-road car on the day for our outreaches to schools. Our first 2 stops were with Principals, whose schools we have impacted (Manzini Nazarene and Sibetsaphi).

After that we went to Manyovu secondary where our facilitators were continuing with a study with success session with a group of 60 students. What a time as we observed a typical outreach session being conducted. As the gospel was presented, about 16 students gave their lives to the Lord as we talked about having the Lord at the centre of your life. Friday morning saw us go to Somnjalose High where Dr Wilson preached to about 900 students at morning assembly. What a blessed and productive time as more than 200 students responded to the call-indicating a decision to accept Christ as Lord of their lives.

The day ended with a dinner for our partners and stakeholders. Praise the Lord; of a possible 40 invited, 36 people came! Dr Wilson gave a compelling talk on the character of leadership; being versus doing!
