WORLD REACH®
Taking Christ to the Nations

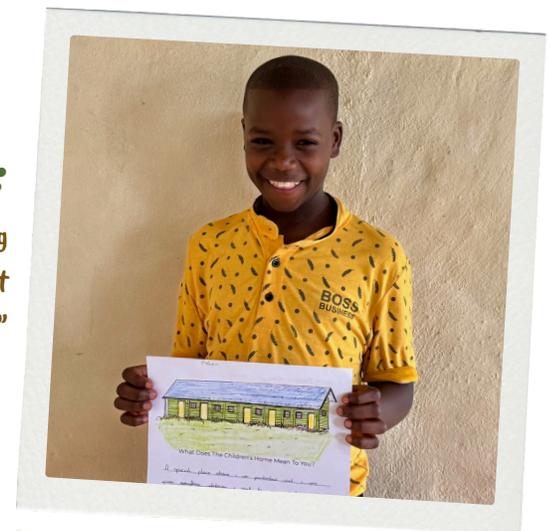

What does the Children's Home mean to you?

When a Double Oak Community Church team visited the Kenya Children's Home, they asked every child that very question. A question with a range of potential answers. Given a coloring sheet of the Children's Home building, each child shared their story, revealing what the Children's Home meant to them. Let's take a look at a couple:

Peter - Age 13:

"It is a special place where I am protected and I am given everything whatever I need by my supporters and donors. I love this place it really means a lot to me."

Meghan - Age 16:

"It's my home to me because it has helped me since I came here in 2017 to where I am today. Also it has helped me to know more about God and to know His word. It also has helped me in my studies because when I came here I didn't know even how to write my name. This ministry has given me good donors, supporters, staff, and my dad Bobby Wilson and Isaac. Thank you so much for everything. May our almighty God bless you."

The kids aren't the only ones impacted by the Children's Home. The time the team spent serving and bonding with them left a lasting impression on all our hearts:

Kristi

"The Children's Home holds a piece of my heart. It is a place filled with the faithfulness and goodness of the Lord on display. These children, who have been through more hard times than I can imagine, were laughing and playing and taking care of one another like biological brothers and sisters. They are a family. They each spoke of Jesus as their Savior and were eager to learn more about Him. When they would sing worship songs, you could feel the presence of the Holy Spirit moving among them, it was a time of joy. I will never forget it. I am so thankful that I was able to go and I am looking forward to going back."

Suzanne

"Wow! Where to begin? For these children and young adults to have such joy despite their hardships, was amazing and humbling to witness. Daily we would pray, have bible study and do crafts. Our focus was on creation, kindness and how our circumstances do not define us. We emphasized Jeremiah 29:11. It was incredible and comforting to see how their faith was displayed in reading and studying their Bibles. This experience helped strengthen my faith as I witnessed such hope through the children's eyes. My prayer is that they continue to seek God first in everything they do. My favorite verse, James 1:27, was the cornerstone for this trip. A big piece of my heart was left in Kenya!"

The Children's Home family has grown to extend far beyond its Meru campus. This ministry continues to touch many hearts, and we hope to see that number continue to increase. Thank you so much for your ongoing support. It truly makes a difference.

The Continuing Story

Ronney & Ken

According to Ronney Kimathi, the Children's Home "is a place where children are equipped with knowledge, care, and are nurtured to be the great leaders of tomorrow." Ronney has spent many years at the Home and is now enrolled in nursing school, following his passion to help those who are sick. He was encouraged by Ken Mwiti, a former Children's Home resident, who is now the lead practitioner at the World Reach Medical Clinic in Muthetheni, Kenya. These young men represent the opportunities that the Children's Home is giving to the youth in its care.

In Ronney's Words

I am also profoundly grateful to God for placing World Reach Organisation in my life. I believe that divine guidance has orchestrated this connection, allowing me to flourish in ways I never thought would be possible. It is with a heart full of gratitude that I thank God for your unwavering support and for the vision you have for empowering individuals like me.

The Next Generation

On the back of the coloring sheets, the children were asked several more questions. One of which was, "What do you want to be when you grow up?" There are 7 more future doctors and nurses in the group, and one who wishes to be a neurosurgeon. These children no longer have small dreams, but can see bright, big futures for themselves and that is, in part, due to your support.

Swing for a Good Cause

Our World Reach Benefit Golf Tournament is scheduled for **Thursday, October 9, 2025**. By playing, you will help World Reach sustain our life-changing ministry projects around the world! So join us at Bent Brook Golf Course to play for a good cause!
