MISSION TRIP TESTIMONIES

No Longer an IMPOSTER

On our final day of ministry, we met together at the Guest House with all of our Colombian and American team together. After dinner, we spent time sharing testimonies of how we saw God working throughout the week.

After a few testimonies had been shared, our translator's husband raised his hand to share something with the group. He started off saying, "I don't think any of you really know this, but I am sitting here as an imposter. You see, **I'm Catholic...** but, today I saw so much love as you welcomed me in to serve with you... and I'm going to share something that will make my wife cry...**Today, I am choosing to walk through life with Jesus at my side.**"

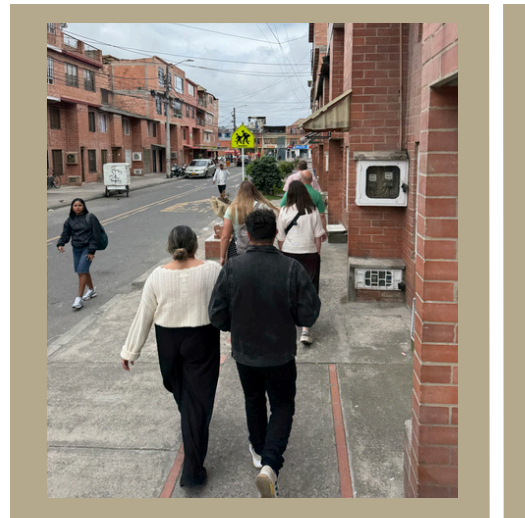

There was not a dry eye in the room as we all hugged Julian and his wife, Mariel. To see his heart as he gave his life to Jesus was the most amazing thing.

He has continued to come to church and is attending the Monday night Bible study with his wife. We are so thankful to the team that came, because they helped us by purchasing "Experiencing God" books for our entire Monday night group.

Pray with us as we continue to pour into this couple and grow in relationship with Jesus.
